

**产品名称:** Cytokeratin 15(CK15) Mouse Monoclonal Antibody

**产品货号:** AMM22115

## 产品概述 (Summary)

|                   |                                                                                                      |
|-------------------|------------------------------------------------------------------------------------------------------|
| 描述(Description)   | Mouse Monoclonal Antibody                                                                            |
| 宿主(Host)          | Mouse                                                                                                |
| 应用(Application)   | IHC,ELISA                                                                                            |
| 种属反应(Reactivity)  | Human                                                                                                |
| 偶联物(Conjugation)  | Unconjugated                                                                                         |
| 修饰(Modification)  | Unmodified                                                                                           |
| 同种型(Isotype)      | IgG1,Kappa                                                                                           |
| 克隆(Clonality)     | Monoclonal                                                                                           |
| 剂型(Form)          | Liquid                                                                                               |
| 保存条件(Storage)     | Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles.             |
| 储存溶液(Buffer)      | PBS, 50% glycerol, 0.05% Proclin 300, 0.05%BSA                                                       |
| 纯化 (Purification) | The antibody was affinity-purified from ascites by affinity-chromatography using specific immunogen. |

## 产品应用(Application)

|                       |                                       |
|-----------------------|---------------------------------------|
| 稀释比(Dilution Ratio)   | IHC 1:200-400;ELISA 1:500-5000        |
| 分子量(Molecular Weight) | Calculated MW:49kDa,Observed MW:49kDa |

## 抗原信息(Antigen Information)

|                       |                                                                      |
|-----------------------|----------------------------------------------------------------------|
| 基因名(Gene Name)        | KRT15 KRTB                                                           |
| 别名(Alternative Names) | Keratin, type I cytoskeletal 15;Cytokeratin-15;CK-15;Keratin-15;K15; |
| 基因 ID(Gene ID)        | Human:3866                                                           |
| SwissProt ID          | Human:P19012                                                         |
| 免疫原(Immunogen)        | Synthesized peptide derived from human CK15 AA range: 350-456        |

## 研究背景 (Background)

The protein encoded by this gene is a member of the keratin gene family. The keratins are intermediate filament proteins responsible for the structural integrity of epithelial cells and are subdivided into cytokeratins and hair keratins. Most of the type I cytokeratins consist of acidic proteins which are arranged in pairs of heterotypic keratin chains and are clustered in a region on

chromosome 17q21.2. [provided by RefSeq, Jul 2008],

### 研究领域 (Research Area)

Pathology

### 注意事项 (Note)

For research use only.

### 图片 (Image Data)

Human prostate tissue was stained with Anti-Cytokeratin 15 Antibody

## EnkiLife 优势产品推荐
