

**产品名称: hCG  $\beta$  Mouse Monoclonal Antibody**

**产品货号: AMM22156**

### 产品概述 (Summary)

|                   |                                                                                                      |
|-------------------|------------------------------------------------------------------------------------------------------|
| 描述(Description)   | Mouse Monoclonal Antibody                                                                            |
| 宿主(Host)          | Mouse                                                                                                |
| 应用(Application)   | IHC,IF,ELISA                                                                                         |
| 种属反应(Reactivity)  | Human                                                                                                |
| 偶联物(Conjugation)  | Unconjugated                                                                                         |
| 修饰(Modification)  | Unmodified                                                                                           |
| 同种型(Isotype)      | IgG1,Kappa                                                                                           |
| 克隆(Clonality)     | Monoclonal                                                                                           |
| 剂型(Form)          | Liquid                                                                                               |
| 保存条件(Storage)     | Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles.             |
| 储存溶液(Buffer)      | PBS, 50% glycerol, 0.05% Proclin 300, 0.05%BSA                                                       |
| 纯化 (Purification) | The antibody was affinity-purified from ascites by affinity-chromatography using specific immunogen. |

### 产品应用(Application)

稀释比(Dilution Ratio) IHC 1:50-200;IF 1:50-200;ELISA 1:500-5000

分子量(Molecular Weight)

### 抗原信息(Antigen Information)

|                       |                                                                                                                                                                                                                                             |
|-----------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 基因名(Gene Name)        | CGB3/CGB5/CGB8/CGB7/CGB1/CGB2<br>CG<br>beta;CG-                                                                                                                                                                                             |
| 别名(Alternative Names) | beta;CgB;CGB3;CGB3_HUMAN;CGB5;CGB7;CGB7_HUMAN;CGB8;CGHB_HUMAN;Choriogonadotropin subunit beta 3;Choriogonadotropin subunit beta 7;Choriogonadotropin subunit beta;Chorionic gonadotropin beta polypeptide;Chorionic gonadotropin chain beta |
| 基因 ID(Gene ID)        |                                                                                                                                                                                                                                             |
| SwissProt ID          | Human:P0DN86;P0DN87                                                                                                                                                                                                                         |
| 免疫原(Immunogen)        | Synthesized peptide derived from human hCG $\beta$ AA range: 100-165                                                                                                                                                                        |

### 研究背景 (Background)

### 研究领域 (Research Area)

Pathology

### 注意事项 (Note)

For research use only.

### 图片 (Image Data)

Human placenta tissue was stained with Anti-hCG  $\beta$  Antibody

## EnkiLife 优势产品推荐
