

**产品名称:** ERK1 (8G6) Mouse Monoclonal Antibody

**产品货号:** AMM00759

### 产品概述 (Summary)

|                   |                                                                                                |
|-------------------|------------------------------------------------------------------------------------------------|
| 描述(Description)   | Mouse monoclonal Antibody                                                                      |
| 宿主(Host)          | Mouse                                                                                          |
| 应用(Application)   | IHC                                                                                            |
| 种属反应(Reactivity)  | Human,Rat,Mouse                                                                                |
| 偶联物(Conjugation)  | Unconjugated                                                                                   |
| 修饰(Modification)  | Unmodified                                                                                     |
| 同种型(Isotype)      | IgG1                                                                                           |
| 克隆(Clonality)     | Monoclonal                                                                                     |
| 剂型(Form)          | Liquid                                                                                         |
| 保存条件(Storage)     | Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles.       |
| 储存溶液(Buffer)      | Liquid in PBS containing 50% glycerol, 0.5% protective protein and 0.02% sodium azide, pH 7.3. |
| 纯化 (Purification) | Affinity Purification                                                                          |

### 产品应用(Application)

|                       |                |
|-----------------------|----------------|
| 稀释比(Dilution Ratio)   | IHC 1:50-1:100 |
| 分子量(Molecular Weight) | -              |

### 抗原信息(Antigen Information)

|                       |                                                     |
|-----------------------|-----------------------------------------------------|
| 基因名(Gene Name)        | MAPK3                                               |
| 别名(Alternative Names) | MAPK3                                               |
| 基因 ID(Gene ID)        | 5595                                                |
| SwissProt ID          | P27361                                              |
| 免疫原(Immunogen)        | A synthetic peptide corresponding to target protein |

### 研究背景 (Background)

Serine/threonine kinase which acts as an essential component of the MAP kinase signal transduction pathway. MAPK1/ERK2 and MAPK3/ERK1 are the 2 MAPKs which play an important role in the MAPK/ERK cascade. They participate also in a signaling cascade initiated by activated KIT and KITLG/SCF. Depending on the cellular context, the MAPK/ERK cascade mediates diverse

biological functions such as cell growth, adhesion, survival and differentiation through the regulation of transcription, translation, cytoskeletal rearrangements.

### 研究领域 (Research Area)

Cell Biology

### 注意事项 (Note)

For research use only.

### 图片 (Image Data)

Immunohistochemistry analysis of paraffin-embedded Human Tonsil Tissue using ERK1 (8G6) antibody. High-pressure and temperature Sodium Citrate pH 6.0 was used for antigen retrieval.

Immunohistochemical analysis of paraffin-embedded Human tonsils using ERK1 (8G6) antibody. High-pressure and temperature Sodium Citrate pH 6.0 was used for antigen retrieval.
