

**产品名称: ALCAM Mouse Monoclonal Antibody**

**产品货号: AMM80663**

### 产品概述 (Summary)

|                   |                                                                                          |
|-------------------|------------------------------------------------------------------------------------------|
| 描述(Description)   | Mouse monoclonal Antibody                                                                |
| 宿主(Host)          | Mouse                                                                                    |
| 应用(Application)   | IHC,ELISA                                                                                |
| 种属反应(Reactivity)  | Human                                                                                    |
| 偶联物(Conjugation)  | Unconjugated                                                                             |
| 修饰(Modification)  | Unmodified                                                                               |
| 同种型(Isotype)      | Mouse IgG1                                                                               |
| 克隆(Clonality)     | Monoclonal                                                                               |
| 剂型(Form)          | Liquid                                                                                   |
| 保存条件(Storage)     | Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles. |
| 储存溶液(Buffer)      | PBS containing 0.03% sodium azide.                                                       |
| 纯化 (Purification) | Affinity Purification                                                                    |

### 产品应用(Application)

|                       |                                       |
|-----------------------|---------------------------------------|
| 稀释比(Dilution Ratio)   | IHC 1:200-1:1000,ELISA 1:5000-1:20000 |
| 分子量(Molecular Weight) | /                                     |

### 抗原信息(Antigen Information)

|                       |                                                                          |
|-----------------------|--------------------------------------------------------------------------|
| 基因名(Gene Name)        | ALCAM                                                                    |
| 别名(Alternative Names) | MEMD; CD166; ALCAM                                                       |
| 基因 ID(Gene ID)        | 214.0                                                                    |
| SwissProt ID          | Q13740                                                                   |
| 免疫原(Immunogen)        | Purified recombinant fragment of ALCAM (aa405-524) expressed in E. Coli. |

### 研究背景 (Background)

ALCAM(CD166): Activated leukocyte cell adhesion molecule.CD166 is a member of the Ig superfamily and is expressed on activated T-cells, B cells and other cells including thymic epithelial cells, fibroblasts, keratinocytes and neurons. CD6 has been identified as a receptor for CD166.

## 研究领域 (Research Area)

## 注意事项 (Note)

For research use only.

## 图片 (Image Data)

Immunohistochemical analysis of paraffin-embedded human ovary carcinoma (A), kidney carcinoma (B), lung carcinoma (C) and breast carcinoma (D), showing cytoplasmic and membrane localization with DAB staining using ALCAM mouse mAb.
