

**产品名称:** Metabotropic Glutamate Receptor 2 Rabbit Polyclonal Antibody

**产品货号:** APRab00138

### 产品概述 (Summary)

|                   |                                                                                                    |
|-------------------|----------------------------------------------------------------------------------------------------|
| 描述(Description)   | Rabbit polyclonal Antibody                                                                         |
| 宿主(Host)          | Rabbit                                                                                             |
| 应用(Application)   | WB,IHC,ICC/IF                                                                                      |
| 种属反应(Reactivity)  | Human,Mouse,Rat                                                                                    |
| 偶联物(Conjugation)  | Unconjugated                                                                                       |
| 修饰(Modification)  | Unmodified                                                                                         |
| 同种型(Isotype)      | IgG                                                                                                |
| 克隆(Clonality)     | Polyclonal                                                                                         |
| 剂型(Form)          | Liquid                                                                                             |
| 保存条件(Storage)     | Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles.           |
| 储存溶液(Buffer)      | Rabbit IgG in phosphate buffered saline , pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol. |
| 纯化 (Purification) | Affinity Chromatography                                                                            |

### 产品应用(Application)

|                       |                                                  |
|-----------------------|--------------------------------------------------|
| 稀释比(Dilution Ratio)   | WB 1:500-1:1000,IHC 1:50-1:100,ICC/IF 1:50-1:200 |
| 分子量(Molecular Weight) | Calculated MW: 96 kDa; Observed MW: 95,200 kDa   |

### 抗原信息(Antigen Information)

|                       |                                                                                                                                  |
|-----------------------|----------------------------------------------------------------------------------------------------------------------------------|
| 基因名(Gene Name)        | GRM2                                                                                                                             |
| 别名(Alternative Names) | GRM2; GPRC1B; MGLUR2; Metabotropic glutamate receptor 2; mGluR2; GRM3; GPRC1C; MGLUR3; Metabotropic glutamate receptor 3; mGluR3 |
| 基因 ID(Gene ID)        | 2912                                                                                                                             |
| SwissProt ID          | Q14416                                                                                                                           |
| 免疫原(Immunogen)        | A synthetic peptide of human Metabotropic Glutamate Receptor 2                                                                   |

### 研究背景 (Background)

G-protein coupled receptor for glutamate. Ligand binding causes a conformation change that triggers signaling via guanine nucleotide-binding proteins (G proteins) and modulates the activity of down-stream effectors, such as adenylate cyclase.

Signaling inhibits adenylate cyclase activity. May mediate suppression of neurotransmission or may be involved in synaptogenesis or synaptic stabilization.

### 研究领域 (Research Area)

Neuroscience

### 注意事项 (Note)

For research use only.

### 图片 (Image Data)

Western blot analysis of mGluR2 in mouse brain lysates using Metabotropic Glutamate Receptor 2 antibody.
