

**产品名称:** Cleaved-Caspase 6 p18 Rabbit Polyclonal Antibody

**产品货号:** APRab00828

### 产品概述 (Summary)

|                   |                                                                                                |
|-------------------|------------------------------------------------------------------------------------------------|
| 描述(Description)   | Rabbit polyclonal Antibody                                                                     |
| 宿主(Host)          | Rabbit                                                                                         |
| 应用(Application)   | WB,IHC,ELISA                                                                                   |
| 种属反应(Reactivity)  | Human,Rat                                                                                      |
| 偶联物(Conjugation)  | Unconjugated                                                                                   |
| 修饰(Modification)  | Unmodified                                                                                     |
| 同种型(Isotype)      | IgG                                                                                            |
| 克隆(Clonality)     | Polyclonal                                                                                     |
| 剂型(Form)          | Liquid                                                                                         |
| 保存条件(Storage)     | Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles.       |
| 储存溶液(Buffer)      | Liquid in PBS containing 50% glycerol, 0.5% protective protein and 0.02% sodium azide, pH 7.3. |
| 纯化 (Purification) | Affinity Chromatography                                                                        |

### 产品应用(Application)

|                       |                                                     |
|-----------------------|-----------------------------------------------------|
| 稀释比(Dilution Ratio)   | WB 1:500-1:1000,IHC 1:50-1:100,ELISA 1:5000-1:20000 |
| 分子量(Molecular Weight) | Calculated MW: 33 kDa; Observed MW: 20,35 kDa       |

### 抗原信息(Antigen Information)

|                       |                                                                                                          |
|-----------------------|----------------------------------------------------------------------------------------------------------|
| 基因名(Gene Name)        | CASP6                                                                                                    |
| 别名(Alternative Names) | CASP6; MCH2; Caspase-6; CASP-6; Apoptotic protease Mch-2                                                 |
| 基因 ID(Gene ID)        | 839                                                                                                      |
| SwissProt ID          | P55212                                                                                                   |
| 免疫原(Immunogen)        | The antiserum was produced against synthesized peptide derived from human Caspase 6.<br>AA range:130-179 |

### 研究背景 (Background)

Caspase-6 (Mch2) is one of the major executioner caspases functioning in cellular apoptotic processes. Upon apoptotic stimulation, initiator caspases such as caspase-9 are cleaved and activated. The activated upstream caspases further process

downstream executioner caspases, such as caspase-3 and caspase-6, by cleaving them into large and small subunits, thereby initiating a caspase cascade leading to apoptosis. One of the major targets for caspase-6 is the membrane associated protein lamin A.

## 研究领域 (Research Area)

Cell Biology

## 注意事项 (Note)

For research use only.

## 图片 (Image Data)

Western blot analysis of Cleaved-Caspase 6 p18 in various lysates using Cleaved-Caspase 6 p18 antibody.

Western blot analysis of Cleaved-Caspase 6 p18 in 293 lysates using Cleaved-Caspase 6 p18 (D179) antibody.

Immunohistochemistry analysis of paraffin-embedded Human lung carcinoma tissue using Caspase 6 (Cleaved-Asp16, 2) antibody. High-pressure and temperature Sodium Citrate pH 6.0 was used for antigen retrieval. Sample with blocking peptide on the right.

Western blot analysis of Cleaved-Caspase 6 p18 in 293 lysates treated with Etoposide using Cleaved-Caspase 6 p18 antibody. The lane on the right is blocked with the synthesized peptide.
