

**产品名称:** Phospho-Estrogen Receptor alpha (Ser167) Rabbit Polyclonal Antibody  
**产品货号:** APRab00948

### 产品概述 (Summary)

|                   |                                                                                                |
|-------------------|------------------------------------------------------------------------------------------------|
| 描述(Description)   | Rabbit polyclonal Antibody                                                                     |
| 宿主(Host)          | Rabbit                                                                                         |
| 应用(Application)   | WB,IHC,ICC/IF                                                                                  |
| 种属反应(Reactivity)  | Human                                                                                          |
| 偶联物(Conjugation)  | Unconjugated                                                                                   |
| 修饰(Modification)  | Phosphorylated                                                                                 |
| 同种型(Isotype)      | IgG                                                                                            |
| 克隆(Clonality)     | Polyclonal                                                                                     |
| 剂型(Form)          | Liquid                                                                                         |
| 保存条件(Storage)     | Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles.       |
| 储存溶液(Buffer)      | Liquid in PBS containing 50% glycerol, 0.5% protective protein and 0.02% sodium azide, pH 7.3. |
| 纯化 (Purification) | Affinity Purification                                                                          |

### 产品应用(Application)

|                       |                                                   |
|-----------------------|---------------------------------------------------|
| 稀释比(Dilution Ratio)   | WB 1:500-1:1000,IHC 1:50-1:100,ICC/IF 1:100-1:200 |
| 分子量(Molecular Weight) | Calculated MW: 66 kDa; Observed MW: 66 kDa        |

### 抗原信息(Antigen Information)

|                       |                                                                                                                                         |
|-----------------------|-----------------------------------------------------------------------------------------------------------------------------------------|
| 基因名(Gene Name)        | ESR1                                                                                                                                    |
| 别名(Alternative Names) | ESR1; Era; Eralpha; Estrogen receptor; Estradiol receptor; ER-alpha; Estrogen receptor 1; NR3A1; ER; ESR; ESRA; Estrogen receptor alpha |
| 基因 ID(Gene ID)        | 2099                                                                                                                                    |
| SwissProt ID          | P03372                                                                                                                                  |
| 免疫原(Immunogen)        | A synthetic Phosphorylated peptide corresponding to residues target protein                                                             |

### 研究背景 (Background)

ER (estrogen receptor 1) a member of the steroid receptor superfamily, contains highly conserved DNA binding (DBD) and ligand binding domains (LBD). Through its estrogen-independent and estrogen-dependent activation domains (AF-1 and AF-2,

respectively), ER regulates transcription by recruiting coactivator proteins and interacting with general transcriptional machinery. Phosphorylation provides an important mechanism to regulate ER activity. ER is phosphorylated on multiple sites.

## 研究领域 (Research Area)

Signal Transduction

## 注意事项 (Note)

For research use only.

## 图片 (Image Data)

Western blot analysis of Phospho-Estrogen Receptor alpha (Ser167) in MCF-7 lysates using Phospho-Estrogen Receptor alpha (Ser167) antibody.

Immunohistochemistry analysis of paraffin-embedded Human breast carcinoma tissue using Estrogen Receptor alpha (Phospho-Ser167) antibody. High-pressure and temperature Sodium Citrate pH 6.0 was used for antigen retrieval. Sample with blocking peptide on the right.

Immunofluorescence analysis of Phospho-Estrogen Receptor alpha (Ser167) in MCF-7 cells using Estrogen Receptor alpha (Phospho-Ser167) antibody (red).
