

**产品名称:** Myoblast Determination Protein 1 Rabbit Polyclonal Antibody

**产品货号:** APRab03357

### 产品概述 (Summary)

|                   |                                                                                                |
|-------------------|------------------------------------------------------------------------------------------------|
| 描述(Description)   | Rabbit polyclonal Antibody                                                                     |
| 宿主(Host)          | Rabbit                                                                                         |
| 应用(Application)   | WB,ELISA                                                                                       |
| 种属反应(Reactivity)  | Human,Mouse,Rat,Other                                                                          |
| 偶联物(Conjugation)  | Unconjugated                                                                                   |
| 修饰(Modification)  | Unmodified                                                                                     |
| 同种型(Isotype)      | IgG                                                                                            |
| 克隆(Clonality)     | Polyclonal                                                                                     |
| 剂型(Form)          | Liquid                                                                                         |
| 保存条件(Storage)     | Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles.       |
| 储存溶液(Buffer)      | Liquid in PBS containing 50% glycerol, 0.5% protective protein and 0.02% sodium azide, pH 7.3. |
| 纯化 (Purification) | Affinity Purification                                                                          |

### 产品应用(Application)

|                       |                                            |
|-----------------------|--------------------------------------------|
| 稀释比(Dilution Ratio)   | WB 1:500-1:1000,ELISA 1:5000-1:20000       |
| 分子量(Molecular Weight) | Calculated MW: 35 kDa; Observed MW: 35 kDa |

### 抗原信息(Antigen Information)

|                       |                                                                                                                                              |
|-----------------------|----------------------------------------------------------------------------------------------------------------------------------------------|
| 基因名(Gene Name)        | MYOD1                                                                                                                                        |
| 别名(Alternative Names) | MYOD1; BHLHC1; MYF3; MYOD; Myoblast determination protein 1; Class C basic helix-loop-helix protein 1; bHLHc1; Myogenic factor 3; Myf-3      |
| 基因 ID(Gene ID)        | 4654                                                                                                                                         |
| SwissProt ID          | P15172                                                                                                                                       |
| 免疫原(Immunogen)        | The antiserum was produced against synthesized peptide derived from human MyoD around the non-acetylation site of Lys99/102. AA range:61-110 |

### 研究背景 (Background)

Involved in muscle differentiation (myogenic factor). Induces fibroblasts to differentiate into myoblasts. Activates muscle-

specific promoters. Interacts with and is inhibited by the twist protein. This interaction probably involves the basic domains of both proteins.

### 研究领域 (Research Area)

Epigenetics and Nuclear Signaling

### 注意事项 (Note)

For research use only.

### 图片 (Image Data)

Western blot analysis of Myoblast Determination Protein 1 in Jurkat lysates using Myoblast Determination Protein 1 antibody.

## EnkiLife 优势产品推荐
