

**产品名称:** NF-KB p65 Rabbit Polyclonal Antibody

**产品货号:** APRab03715

### 产品概述 (Summary)

|                   |                                                                                                    |
|-------------------|----------------------------------------------------------------------------------------------------|
| 描述(Description)   | Rabbit polyclonal Antibody                                                                         |
| 宿主(Host)          | Rabbit                                                                                             |
| 应用(Application)   | WB,IHC,ICC/IF,FC,IP                                                                                |
| 种属反应(Reactivity)  | Human,Mouse                                                                                        |
| 偶联物(Conjugation)  | Unconjugated                                                                                       |
| 修饰(Modification)  | Unmodified                                                                                         |
| 同种型(Isotype)      | IgG                                                                                                |
| 克隆(Clonality)     | Polyclonal                                                                                         |
| 剂型(Form)          | Liquid                                                                                             |
| 保存条件(Storage)     | Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles.           |
| 储存溶液(Buffer)      | Rabbit IgG in phosphate buffered saline , pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol. |
| 纯化 (Purification) | Affinity Chromatography                                                                            |

### 产品应用(Application)

|                       |                                                                             |
|-----------------------|-----------------------------------------------------------------------------|
| 稀释比(Dilution Ratio)   | WB 1:500-1:1000,IHC 1:50-1:100,ICC/IF 1:50-1:200,FC 1:50-1:100,IP 1:20-1:50 |
| 分子量(Molecular Weight) | Calculated MW: 60 kDa; Observed MW: 65 kDa                                  |

### 抗原信息(Antigen Information)

|                       |                                                                                                                                                |
|-----------------------|------------------------------------------------------------------------------------------------------------------------------------------------|
| 基因名(Gene Name)        | RELA                                                                                                                                           |
| 别名(Alternative Names) | NFKB3; RELA; TF65; Transcription factor p65; p65; NFkB                                                                                         |
| 基因 ID(Gene ID)        | 5970                                                                                                                                           |
| SwissProt ID          | Q04206                                                                                                                                         |
| 免疫原(Immunogen)        | The antiserum was produced against synthesized peptide derived from human NF-kappaB p65 around the acetylated site of Lys310. AA range:275-324 |

### 研究背景 (Background)

NFKB1 (MIM 164011) or NFKB2 (MIM 164012) is bound to REL (MIM 164910), RELA, or RELB (MIM 604758) to form the NFKB complex. The p50 (NFKB1)/p65 (RELA) heterodimer is the most abundant form of NFKB. The NFKB complex is inhibited by I-

kappa-B proteins (NFKBIA, MIM 164008 or NFKBIB, MIM 604495), which inactivate NFkB by trapping it in the cytoplasm.

## 研究领域 (Research Area)

Cell Biology

## 注意事项 (Note)

For research use only.

## 图片 (Image Data)

Immunofluorescence analysis of NF-KB p65 in HT-1080 using NFkB p65 antibody.

Western blot analysis of NF-KB p65 in MCF-7, HeLa, Molt4, Raji and Jurkat lysates using NF-KB p65 antibody.

Western blot analysis of NFkB p65 expression in HeLa lysates using NF-KB p65R antibody

Immunohistochemistry analysis of paraffin-embedded Human transitional carcinoma of bladder using NFkB p65 antibody. High-pressure and temperature Sodium Citrate pH 6.0 was used for antigen retrieval.
