

**产品名称:** MyD88 Rabbit Polyclonal Antibody

**产品货号:** APRab03831

### 产品概述 (Summary)

|                   |                                                                                                |
|-------------------|------------------------------------------------------------------------------------------------|
| 描述(Description)   | Rabbit polyclonal Antibody                                                                     |
| 宿主(Host)          | Rabbit                                                                                         |
| 应用(Application)   | WB,IHC,ICC/IF,ELISA                                                                            |
| 种属反应(Reactivity)  | Human,Mouse,Rat                                                                                |
| 偶联物(Conjugation)  | Unconjugated                                                                                   |
| 修饰(Modification)  | Unmodified                                                                                     |
| 同种型(Isotype)      | IgG                                                                                            |
| 克隆(Clonality)     | Polyclonal                                                                                     |
| 剂型(Form)          | Liquid                                                                                         |
| 保存条件(Storage)     | Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles.       |
| 储存溶液(Buffer)      | Liquid in PBS containing 50% glycerol, 0.5% protective protein and 0.02% sodium azide, pH 7.3. |
| 纯化 (Purification) | Affinity Purification                                                                          |

### 产品应用(Application)

|                       |                                                                       |
|-----------------------|-----------------------------------------------------------------------|
| 稀释比(Dilution Ratio)   | WB 1:500-1:1000,IHC 1:50-1:100,ICC/IF 1:50-1:200,ELISA 1:5000-1:20000 |
| 分子量(Molecular Weight) | Calculated MW: 33 kDa; Observed MW: 33 kDa                            |

### 抗原信息(Antigen Information)

|                       |                                                               |
|-----------------------|---------------------------------------------------------------|
| 基因名(Gene Name)        | MYD88                                                         |
| 别名(Alternative Names) | MYD88; Myeloid differentiation primary response protein MyD88 |
| 基因 ID(Gene ID)        | 4615                                                          |
| SwissProt ID          | Q99836                                                        |
| 免疫原(Immunogen)        | A synthetic peptide of human MyD88                            |

### 研究背景 (Background)

Members of the Toll-like receptor (TLR) family, named for the closely related Toll receptor in *Drosophila*, play a pivotal role in innate immune responses. TLRs recognize conserved motifs found in various pathogens and mediate defense responses. Triggering of the TLR pathway leads to the activation of NF- $\kappa$ B and subsequent regulation of immune and inflammatory genes.

## 研究领域 (Research Area)

Signal Transduction

## 注意事项 (Note)

For research use only.

## 图片 (Image Data)

Western blot analysis of MyD88 in CHO-K1, Jurkat, 3T3, C6 and HeLa lysates using MyD88 antibody.
