

**产品名称:** CD31 Rabbit Polyclonal Antibody

**产品货号:** APRab03853

### 产品概述 (Summary)

|                   |                                                                                                |
|-------------------|------------------------------------------------------------------------------------------------|
| 描述(Description)   | Rabbit polyclonal Antibody                                                                     |
| 宿主(Host)          | Rabbit                                                                                         |
| 应用(Application)   | WB,IHC,ICC/IF,ELISA                                                                            |
| 种属反应(Reactivity)  | Human,Mouse                                                                                    |
| 偶联物(Conjugation)  | Unconjugated                                                                                   |
| 修饰(Modification)  | Unmodified                                                                                     |
| 同种型(Isotype)      | IgG                                                                                            |
| 克隆(Clonality)     | Polyclonal                                                                                     |
| 剂型(Form)          | Liquid                                                                                         |
| 保存条件(Storage)     | Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles.       |
| 储存溶液(Buffer)      | Liquid in PBS containing 50% glycerol, 0.5% protective protein and 0.02% sodium azide, pH 7.3. |
| 纯化 (Purification) | Affinity Purification                                                                          |

### 产品应用(Application)

|                       |                                                                       |
|-----------------------|-----------------------------------------------------------------------|
| 稀释比(Dilution Ratio)   | WB 1:500-1:1000,IHC 1:50-1:100,ICC/IF 1:50-1:200,ELISA 1:5000-1:20000 |
| 分子量(Molecular Weight) | Calculated MW: 83 kDa; Observed MW: 130-140 kDa                       |

### 抗原信息(Antigen Information)

|                       |                                                                                                            |
|-----------------------|------------------------------------------------------------------------------------------------------------|
| 基因名(Gene Name)        | PECAM1                                                                                                     |
| 别名(Alternative Names) | Platelet endothelial cell adhesion molecule; PECAM-1; EndoCAM; GPIIA <sup>b</sup> ; PECA1; CD antigen CD31 |
| 基因 ID(Gene ID)        | 5175                                                                                                       |
| SwissProt ID          | P16284                                                                                                     |
| 免疫原(Immunogen)        | The antiserum was produced against synthesized peptide derived from human PECAM-1. AA range:686-735        |

### 研究背景 (Background)

PECAM-1 a cell adhesion molecule expressed on platelets and at endothelial cell intercellular junctions. Plays a role in

modulation of integrin-mediated cell adhesion, transendothelial migration, angiogenesis, apoptosis, cell migration, negative regulation of immune cell signaling, autoimmunity, macrophage phagocytosis, IgE-mediated anaphylaxis and thrombosis. Undergoes alternative splicing, generating multiple isoforms in vascular beds of various tissues.

## 研究领域 (Research Area)

Cardiovascular

## 注意事项 (Note)

For research use only.

## 图片 (Image Data)

Western blot analysis of CD31 in HepG2, K562, L929, mouse brain lysates using CD31 antibody.

Immunofluorescence analysis of CD31 in HeLa using CD31 antibody. The picture on the right is blocked using synthesized peptide.

Immunohistochemistry analysis of paraffin-embedded CD31 in paraffin-embedded Human kidney using CD31 antibody. High-pressure and temperature Sodium Citrate pH 6.0 was used for antigen retrieval.

## EnkiLife 优势产品推荐
