

**产品名称:** Phospho-Bcl-2 (Ser70) Rabbit Polyclonal Antibody

**产品货号:** APRab04304

### 产品概述 (Summary)

|                   |                                                                                                   |
|-------------------|---------------------------------------------------------------------------------------------------|
| 描述(Description)   | Rabbit polyclonal Antibody                                                                        |
| 宿主(Host)          | Rabbit                                                                                            |
| 应用(Application)   | WB,ELISA                                                                                          |
| 种属反应(Reactivity)  | Mouse,Rat                                                                                         |
| 偶联物(Conjugation)  | Unconjugated                                                                                      |
| 修饰(Modification)  | Phosphorylated                                                                                    |
| 同种型(Isotype)      | IgG                                                                                               |
| 克隆(Clonality)     | Polyclonal                                                                                        |
| 剂型(Form)          | Liquid                                                                                            |
| 保存条件(Storage)     | Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles.          |
| 储存溶液(Buffer)      | Liquid in PBS containing 50% glycerol, 0.5% protective protein and 0.02% New type preservative N. |
| 纯化 (Purification) | Affinity purification                                                                             |

### 产品应用(Application)

|                       |                                       |
|-----------------------|---------------------------------------|
| 稀释比(Dilution Ratio)   | WB 1:500-1:2000,ELISA 1:20000-1:40000 |
| 分子量(Molecular Weight) | 26kDa                                 |

### 抗原信息(Antigen Information)

|                       |                                                                                                                                         |
|-----------------------|-----------------------------------------------------------------------------------------------------------------------------------------|
| 基因名(Gene Name)        | BCL2                                                                                                                                    |
| 别名(Alternative Names) | BCL2; Apoptosis regulator Bcl-2                                                                                                         |
| 基因 ID(Gene ID)        | 24224.0                                                                                                                                 |
| SwissProt ID          | P49950                                                                                                                                  |
| 免疫原(Immunogen)        | The antiserum was produced against synthesized peptide derived from human BCL2 around the phosphorylation site of Ser70. AA range:36-85 |

### 研究背景 (Background)

BCL2 encodes an integral outer mitochondrial membrane protein that blocks the apoptotic death of some cells such as lymphocytes. Constitutive expression of BCL2, such as in the case of translocation of BCL2 to Ig heavy chain locus, is thought to

be the cause of follicular lymphoma. Alternative splicing results in multiple transcript variants.

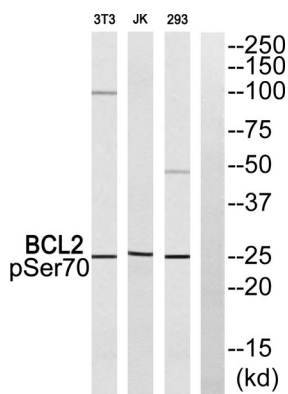

### 研究领域 (Research Area)

Stem cell pathway; PI3K/Akt; NF\_kappaB

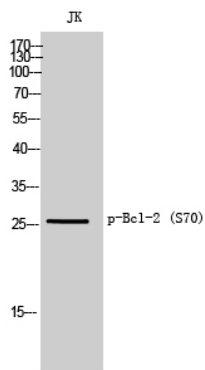

### 注意事项 (Note)

For research use only.

### 图片 (Image Data)

Western blot analysis of BCL2 (Phospho-Ser70) Antibody. The lane on the right is blocked with the BCL2 (Phospho-Ser70) peptide.

Western Blot analysis of JK cells using Phospho-Bcl-2 (S70) Polyclonal Antibody
