

**产品名称:** Caspase-6 (phospho Ser257) Rabbit Polyclonal Antibody  
**产品货号:** APRab04369

## 产品概述 (Summary)

|                        |                                                       |
|------------------------|-------------------------------------------------------|
| 产品名称 (Production Name) | Caspase-6 (phospho Ser257) Rabbit Polyclonal Antibody |
| 描述 (Description)       | Rabbit polyclonal Antibody                            |
| 宿主 (Host)              | Rabbit                                                |
| 应用 (Application)       | WB,IHC,ICC/IF,ELISA                                   |
| 种属反应性 (Reactivity)     | Human,Mouse,Rat                                       |

## 产品性能 (Performance)

|                     |                                                                                                   |
|---------------------|---------------------------------------------------------------------------------------------------|
| 偶联物 (Conjugation)   | Unconjugated                                                                                      |
| 修饰 (Modification)   | Phosphorylated                                                                                    |
| 同种型 (Isotype)       | IgG                                                                                               |
| 克隆 (Clonality)      | Polyclonal                                                                                        |
| 形式 (Form)           | Liquid                                                                                            |
| 存放说明 (Storage)      | Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles.          |
| 储存溶液 (Buffer)       | Liquid in PBS containing 50% glycerol, 0.5% protective protein and 0.02% New type preservative N. |
| 纯化方式 (Purification) | Affinity purification                                                                             |

## 免疫原信息 (Immunogen)

|                        |                                                                                                                                                        |
|------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------|
| 基因名 (Gene Name)        | CASP6                                                                                                                                                  |
| 别名 (Alternative Names) | CASP6; MCH2; Caspase-6; CASP-6; Apoptotic protease Mch-2                                                                                               |
| 基因 ID (Gene ID)        | 839.0                                                                                                                                                  |
| 蛋白 ID (SwissProt ID)   | P55212.The antiserum was produced against synthesized peptide derived from human Caspase 6 around the phosphorylation site of Ser257. AA range:223-272 |

## 产品应用 (Application)

|                          |                                                                           |
|--------------------------|---------------------------------------------------------------------------|
| 稀释比 (Dilution Ratio)     | WB 1:500-1:2000,IHC 1:100-1:300,ICC/IF 1:200-1:1000,ELISA 1:10000-1:20000 |
| 蛋白分子量 (Molecular Weight) | 15,30kDa                                                                  |

产品名称: Caspase-6 (phospho Ser257) Rabbit Polyclonal Antibody  
产品货号: APRab04369

---

## 研究背景 (Background)

This gene encodes a member of the cysteine-aspartic acid protease (caspase) family of enzymes. Sequential activation of caspases plays a central role in the execution-phase of cell apoptosis. Caspases exist as inactive proenzymes which undergo proteolytic processing at conserved aspartic acid residues to produce two subunits, large and small, that dimerize to form the active enzyme. This protein is processed by caspases 7, 8 and 10, and is thought to function as a downstream enzyme in the caspase activation cascade. Alternative splicing of this gene results in multiple transcript variants that encode different isoforms. [provided by RefSeq, Oct 2015],catalytic activity:Strict requirement for Asp at position P1 and has a preferred cleavage sequence of Val-Glu-His-Asp-[-],enzyme regulation:Activation is suppressed by phosphorylation at Ser-257.,function:Involved in the activation cascade of caspases responsible for apoptosis execution. Cleaves poly(ADP-ribose) polymerase in vitro, as well as lamins. Overexpression promotes programmed cell death.,PTM:Cleavages by caspase-3, caspase-8 or -10 generate the two active subunits.,similarity:Belongs to the peptidase C14A family.,subunit:Heterotetramer that consists of two anti-parallel arranged heterodimers, each one formed by a 18 kDa (p18) and a 11 kDa (p11) subunit.,

## 图片 (Image Data)

Immunofluorescence analysis of HUVEC cells, using Caspase 6 (Phospho-Ser257) Antibody. The picture on the right is blocked with the phospho peptide.

产品名称: Caspase-6 (phospho Ser257) Rabbit Polyclonal Antibody  
产品货号: APRab04369

Immunohistochemistry analysis of paraffin-embedded human colon carcinoma, using Caspase 6 (Phospho-Ser257) Antibody. The picture on the right is blocked with the phospho peptide.

Western blot analysis of lysates from 293 cells treated with Etoposide 25uM 60', using Caspase 6 (Phospho-Ser257) Antibody. The lane on the right is blocked with the phospho peptide.

Western Blot analysis of 293T cells using Phospho-Caspase-6 (S257) Polyclonal Antibody diluted at 1: 1000

**产品名称:** Caspase-6 (phospho Ser257) Rabbit Polyclonal Antibody  
**产品货号:** APRab04369

Immunohistochemical analysis of paraffin-embedded Human lung cancer. Antibody was diluted at 1:100 (4°,overnight) . High-pressure and temperature Tris-EDTA,pH8.0 was used for antigen retrieval. Negative contrl (right) obtaned from antibody was pre-absorbed by immunogen peptide.
