

**产品名称:** Phospho-HSP20 (Ser16) Rabbit Polyclonal Antibody

**产品货号:** APRab04802

### 产品概述 (Summary)

|                   |                                                                                                   |
|-------------------|---------------------------------------------------------------------------------------------------|
| 描述(Description)   | Rabbit polyclonal Antibody                                                                        |
| 宿主(Host)          | Rabbit                                                                                            |
| 应用(Application)   | IHC, ICC/IF, ELISA                                                                                |
| 种属反应(Reactivity)  | Human, Mouse, Rat                                                                                 |
| 偶联物(Conjugation)  | Unconjugated                                                                                      |
| 修饰(Modification)  | Phosphorylated                                                                                    |
| 同种型(Isotype)      | IgG                                                                                               |
| 克隆(Clonality)     | Polyclonal                                                                                        |
| 剂型(Form)          | Liquid                                                                                            |
| 保存条件(Storage)     | Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles.          |
| 储存溶液(Buffer)      | Liquid in PBS containing 50% glycerol, 0.5% protective protein and 0.02% New type preservative N. |
| 纯化 (Purification) | Affinity purification                                                                             |

### 产品应用(Application)

**稀释比(Dilution Ratio)** IHC 1:100-1:300, ICC/IF 1:200-1:1000, ELISA 1:5000-1:10000

**分子量(Molecular Weight)**

### 抗原信息(Antigen Information)

|                       |                                                                                                                                         |
|-----------------------|-----------------------------------------------------------------------------------------------------------------------------------------|
| 基因名(Gene Name)        | HSPB6                                                                                                                                   |
| 别名(Alternative Names) | HSPB6; Heat shock protein beta-6; HspB6; Heat shock 20 kDa-like protein p20                                                             |
| 基因 ID(Gene ID)        | 126393.0                                                                                                                                |
| SwissProt ID          | O14558                                                                                                                                  |
| 免疫原(Immunogen)        | The antiserum was produced against synthesized peptide derived from human HSP20 around the phosphorylation site of Ser16. AA range:5-54 |

### 研究背景 (Background)

This locus encodes a heat shock protein. The encoded protein likely plays a role in smooth muscle relaxation. [provided by RefSeq, Jan 2012], PTM: The N-terminus is blocked., similarity: Belongs to the small heat shock protein (HSP20)

family,subunit:May exist as disulfide-linked dimer and monomer.,

## 研究领域 (Research Area)

## 注意事项 (Note)

For research use only.

## 图片 (Image Data)

Enzyme-Linked Immunosorbent Assay ( Phospho-ELISA ) for Immunogen Phosphopeptide (Phospho-left) and Non-Phosphopeptide (Phospho-right) , using HSP20 (Phospho-Ser16) Antibody

Immunofluorescence analysis of HeLa cells, using HSP20 ( Phospho-Ser16 ) Antibody. The picture on the right is blocked with the phospho peptide.

Immunohistochemistry analysis of paraffin-embedded human breast carcinoma, using HSP20 (Phospho-Ser16) Antibody. The picture on the right is blocked with the phospho peptide.
