

**产品名称: Phospho-Tau (Thr181) Rabbit Polyclonal Antibody**

**产品货号: APRab05531**

### 产品概述 (Summary)

|                   |                                                                                                   |
|-------------------|---------------------------------------------------------------------------------------------------|
| 描述(Description)   | Rabbit polyclonal Antibody                                                                        |
| 宿主(Host)          | Rabbit                                                                                            |
| 应用(Application)   | WB,ELISA                                                                                          |
| 种属反应(Reactivity)  | Human,Rat,Mouse                                                                                   |
| 偶联物(Conjugation)  | Unconjugated                                                                                      |
| 修饰(Modification)  | Phosphorylated                                                                                    |
| 同种型(Isotype)      | IgG                                                                                               |
| 克隆(Clonality)     | Polyclonal                                                                                        |
| 剂型(Form)          | Liquid                                                                                            |
| 保存条件(Storage)     | Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles.          |
| 储存溶液(Buffer)      | Liquid in PBS containing 50% glycerol, 0.5% protective protein and 0.02% New type preservative N. |
| 纯化 (Purification) | Affinity purification                                                                             |

### 产品应用(Application)

|                       |                                       |
|-----------------------|---------------------------------------|
| 稀释比(Dilution Ratio)   | WB 1:500-1:2000,ELISA 1:10000-1:20000 |
| 分子量(Molecular Weight) | 50-85kDa                              |

### 抗原信息(Antigen Information)

|                       |                                                                                                                                           |
|-----------------------|-------------------------------------------------------------------------------------------------------------------------------------------|
| 基因名(Gene Name)        | MAPT                                                                                                                                      |
| 别名(Alternative Names) | MAPT; MAPTL; MTBT1; TAU; Microtubule-associated protein tau; Neurofibrillary tangle protein; Paired helical filament-tau; PHF-tau         |
| 基因 ID(Gene ID)        | 4137.0                                                                                                                                    |
| SwissProt ID          | P10636                                                                                                                                    |
| 免疫原(Immunogen)        | The antiserum was produced against synthesized peptide derived from human Tau around the phosphorylation site of Thr181. AA range:471-520 |

### 研究背景 (Background)

This gene encodes the microtubule-associated protein tau (MAPT) whose transcript undergoes complex, regulated alternative

splicing, giving rise to several mRNA species. MAPT transcripts are differentially expressed in the nervous system, depending on stage of neuronal maturation and neuron type. MAPT gene mutations have been associated with several neurodegenerative disorders such as Alzheimer's disease, Pick's disease, frontotemporal dementia, cortico-basal degeneration and progressive supranuclear palsy. [provided by RefSeq, Jul 2008],alternative products:Additional isoforms seem to exist. Isoforms differ from each other by the presence or absence of up to 5 of the 15 exons.

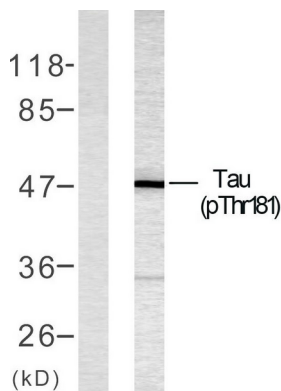

### 研究领域 (Research Area)

MAPK\_ERK\_Growth;MAPK\_G\_Protein;Alzheimer's disease;

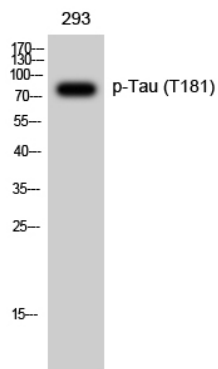

### 注意事项 (Note)

For research use only.

### 图片 (Image Data)

Western blot analysis of lysates from mouse brain, using Tau (Phospho-Thr181) Antibody. The lane on the left is blocked with the phospho peptide.

Western Blot analysis of 293 cells using Phospho-Tau (T181) Polyclonal Antibody diluted at 1: 2000
