

**产品名称:** Phospho-Nuclear Receptor NR4A1 (Phospho-Ser351) Rabbit Polyclonal Antibody  
**产品货号:** APRab05824

### 产品概述 (Summary)

|                   |                                                                                                   |
|-------------------|---------------------------------------------------------------------------------------------------|
| 描述(Description)   | Rabbit polyclonal Antibody                                                                        |
| 宿主(Host)          | Rabbit                                                                                            |
| 应用(Application)   | WB,ELISA                                                                                          |
| 种属反应(Reactivity)  | Human,Mouse,Rat                                                                                   |
| 偶联物(Conjugation)  | Unconjugated                                                                                      |
| 修饰(Modification)  | Phosphorylated                                                                                    |
| 同种型(Isotype)      | IgG                                                                                               |
| 克隆(Clonality)     | Polyclonal                                                                                        |
| 剂型(Form)          | Liquid                                                                                            |
| 保存条件(Storage)     | Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles.          |
| 储存溶液(Buffer)      | Liquid in PBS containing 50% glycerol, 0.5% protective protein and 0.02% New type preservative N. |
| 纯化 (Purification) | Affinity purification                                                                             |

### 产品应用(Application)

|                       |                                      |
|-----------------------|--------------------------------------|
| 稀释比(Dilution Ratio)   | WB 1:500-1:2000,ELISA 1:5000-1:20000 |
| 分子量(Molecular Weight) | 77kDa                                |

### 抗原信息(Antigen Information)

|                       |                                                                                                                                                                                                       |
|-----------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 基因名(Gene Name)        | NR4A1 GFRP1 HMR NAK1                                                                                                                                                                                  |
| 别名(Alternative Names) | Nuclear receptor subfamily 4 group A member 1 (Early response protein NAK1;Nuclear hormone receptor NUR/77;Nur77;Orphan nuclear receptor HMR;Orphan nuclear receptor TR3;ST-59;Testicular receptor 3) |
| 基因 ID(Gene ID)        | 3164.0                                                                                                                                                                                                |
| SwissProt ID          | P22736                                                                                                                                                                                                |
| 免疫原(Immunogen)        | Synthesized pospho peptide derived from human Nuclear Receptor NR4A1 (Phospho-Ser351)                                                                                                                 |

### 研究背景 (Background)

This gene encodes a member of the steroid-thyroid hormone-retinoid receptor superfamily. Expression is induced by phytohemagglutinin in human lymphocytes and by serum stimulation of arrested fibroblasts. The encoded protein acts as a nuclear transcription factor. Translocation of the protein from the nucleus to mitochondria induces apoptosis. Multiple transcript variants encoding different isoforms have been found for this gene. [provided by RefSeq, Jan 2011],function:Orphan nuclear receptor.,induction:By growth-stimulating agents.,similarity:Belongs to the nuclear hormone receptor family.,similarity:Belongs to the nuclear hormone receptor family. NR4 subfamily.,similarity:Contains 1 nuclear receptor DNA-binding domain.,subunit:Interacts with GADD45GIP1.,tissue specificity:Fetal muscle and adult liver, brain and thyroid.,

## 研究领域 (Research Area)

Tags & Cell Markers

## 注意事项 (Note)

For research use only.

## 图片 (Image Data)

Western blot analysis of various lysates, Nuclear Receptor NR4A1 (Phospho-Ser351) Rabbit Polyclonal Antibody was diluted at 1:1000, 4° over night, secondary antibody was diluted at 1:10000, 37° 1hour.
