

**产品名称: CEP76 Rabbit Polyclonal Antibody**  
**产品货号: APRab08673**

## 产品概述 (Summary)

|                        |                                  |
|------------------------|----------------------------------|
| 产品名称 (Production Name) | CEP76 Rabbit Polyclonal Antibody |
| 描述 (Description)       | Rabbit polyclonal Antibody       |
| 宿主 (Host)              | Rabbit                           |
| 应用 (Application)       | WB,IHC,ICC/IF,ELISA              |
| 种属反应性 (Reactivity)     | Human,Mouse                      |

## 产品性能 (Performance)

|                     |                                                                                                   |
|---------------------|---------------------------------------------------------------------------------------------------|
| 偶联物 (Conjugation)   | Unconjugated                                                                                      |
| 修饰 (Modification)   | Unmodified                                                                                        |
| 同种型 (Isotype)       | IgG                                                                                               |
| 克隆 (Clonality)      | Polyclonal                                                                                        |
| 形式 (Form)           | Liquid                                                                                            |
| 存放说明 (Storage)      | Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles.          |
| 储存溶液 (Buffer)       | Liquid in PBS containing 50% glycerol, 0.5% protective protein and 0.02% New type preservative N. |
| 纯化方式 (Purification) | Affinity purification                                                                             |

## 免疫原信息 (Immunogen)

|                        |                                                                                                          |
|------------------------|----------------------------------------------------------------------------------------------------------|
| 基因名 (Gene Name)        | CEP76                                                                                                    |
| 别名 (Alternative Names) | CEP76; C18orf9; Centrosomal protein of 76 kDa; Cep76                                                     |
| 基因 ID (Gene ID)        | 79959.0                                                                                                  |
| 蛋白 ID (SwissProt ID)   | Q8TAP6.The antiserum was produced against synthesized peptide derived from human CEP76. AA range:251-300 |

## 产品应用 (Application)

|                          |                                                                        |
|--------------------------|------------------------------------------------------------------------|
| 稀释比 (Dilution Ratio)     | WB 1:500-1:2000,IHC 1:100-1:300,ICC/IF 1:50-1:200,ELISA 1:5000-1:20000 |
| 蛋白分子量 (Molecular Weight) | 74kDa                                                                  |

## 研究背景 (Background)

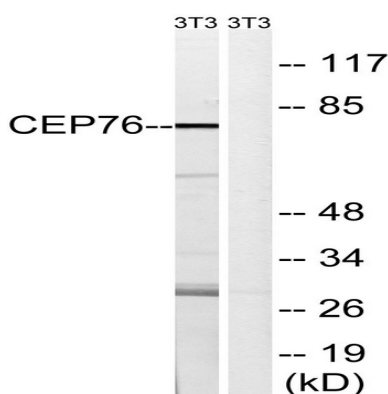

产品名称: CEP76 Rabbit Polyclonal Antibody  
产品货号: APRab08673

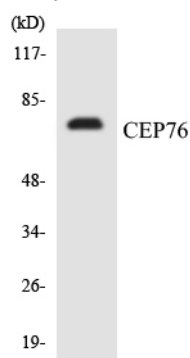

This gene encodes a centrosomal protein which regulates centriole amplification by limiting centriole duplication to once per cell cycle. Alternative splicing results in multiple transcript variants. [provided by RefSeq, Dec 2012], regulation of cell cycle process, regulation of centrosome duplication, regulation of microtubule-based process, regulation of organelle organization, regulation of centriole replication, regulation of centrosome cycle, regulation of cytoskeleton organization, regulation of cell cycle, regulation of microtubule cytoskeleton organization,

## 研究领域 (Research Area)

## 图片 (Image Data)

Western blot analysis of lysates from NIH/3T3 cells, using CEP76 Antibody. The lane on the right is blocked with the synthesized peptide.

Western blot analysis of the lysates from HT-29 cells using CEP76 antibody.

## 注意事项 (Note)

For research use only .
