

**产品名称:** ERF Rabbit Polyclonal Antibody

**产品货号:** APRab10585

### 产品概述 (Summary)

|                   |                                                                                                   |
|-------------------|---------------------------------------------------------------------------------------------------|
| 描述(Description)   | Rabbit polyclonal Antibody                                                                        |
| 宿主(Host)          | Rabbit                                                                                            |
| 应用(Application)   | WB,IHC,ICC/IF,ELISA                                                                               |
| 种属反应(Reactivity)  | Human,Mouse                                                                                       |
| 偶联物(Conjugation)  | Unconjugated                                                                                      |
| 修饰(Modification)  | Unmodified                                                                                        |
| 同种型(Isotype)      | IgG                                                                                               |
| 克隆(Clonality)     | Polyclonal                                                                                        |
| 剂型(Form)          | Liquid                                                                                            |
| 保存条件(Storage)     | Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles.          |
| 储存溶液(Buffer)      | Liquid in PBS containing 50% glycerol, 0.5% protective protein and 0.02% New type preservative N. |
| 纯化 (Purification) | Affinity purification                                                                             |

### 产品应用(Application)

**稀释比(Dilution Ratio)** WB 1:500-1:2000,IHC 1:100-1:300,ICC/IF 1:200-1:1000,ELISA 1:5000-1:20000

**分子量(Molecular Weight)**

### 抗原信息(Antigen Information)

|                       |                                                                                                 |
|-----------------------|-------------------------------------------------------------------------------------------------|
| 基因名(Gene Name)        | ERF                                                                                             |
| 别名(Alternative Names) | ERF; ETS domain-containing transcription factor ERF; Ets2 repressor factor; PE-2                |
| 基因 ID(Gene ID)        | 2077.0                                                                                          |
| SwissProt ID          | P50548                                                                                          |
| 免疫原(Immunogen)        | The antiserum was produced against synthesized peptide derived from human ERF. AA range:492-541 |

### 研究背景 (Background)

ETS2 is a transcription factor and protooncogene involved in development, apoptosis, and the regulation of telomerase. The protein encoded by this gene binds to the ETS2 promoter and is a strong repressor of ETS2 transcription. Several transcript

variants encoding two different isoforms have been found for this gene. [provided by RefSeq, Aug 2015],function:Potent transcriptional repressor that binds to the H1 element of the Ets2 promoter. May regulate other genes involved in cellular proliferation. Required for extraembryonic ectoderm differentiation, ectoplacental cone cavity closure, and chorioallantoic attachment (By similarity). May be important for regulating trophoblast stem cell differentiation.,PTM:Phosphorylated by multiple kinases including probably ERK2. Phosphorylation regulates the activity of ERF.,sequence caution:The sequence differs from that shown because it seems to be derived from a pre-mRNA.,similarity:Belongs to the ETS family.,similarity:Contains 1 ETS DNA-binding domain.,tissue specificity:Highest levels in testis, ovary, pancreas, and heart.,

## 研究领域 (Research Area)

## 注意事项 (Note)

For research use only.

## 图片 (Image Data)

Immunofluorescence analysis of HeLa cells, using ERF Antibody. The picture on the right is blocked with the synthesized peptide.

Immunohistochemistry analysis of paraffin-embedded human colon carcinoma tissue, using ERF Antibody. The picture on the right is blocked with the synthesized peptide.

Western Blot analysis of various cells using ERF Polyclonal Antibody.

Western Blot analysis of HepG2 cells using ERF Polyclonal Antibody.
