

**产品名称: FAT2 Rabbit Polyclonal Antibody**

**产品货号: APRab10847**

### 产品概述 (Summary)

|                   |                                                                                          |
|-------------------|------------------------------------------------------------------------------------------|
| 描述(Description)   | Rabbit polyclonal Antibody                                                               |
| 宿主(Host)          | Rabbit                                                                                   |
| 应用(Application)   | IHC, ICC/IF                                                                              |
| 种属反应(Reactivity)  | Human, Mouse, Rat                                                                        |
| 偶联物(Conjugation)  | Unconjugated                                                                             |
| 修饰(Modification)  | Unmodified                                                                               |
| 同种型(Isotype)      | IgG                                                                                      |
| 克隆(Clonality)     | Polyclonal                                                                               |
| 剂型(Form)          | Liquid                                                                                   |
| 保存条件(Storage)     | Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles. |
| 储存溶液(Buffer)      | Liquid in PBS containing 50% glycerol, and 0.02% New type preservative N.                |
| 纯化 (Purification) | Affinity purification                                                                    |

### 产品应用(Application)

|                       |                                   |
|-----------------------|-----------------------------------|
| 稀释比(Dilution Ratio)   | IHC 1:50-1:300, ICC/IF 1:50-1:200 |
| 分子量(Molecular Weight) | 478kDa                            |

### 抗原信息(Antigen Information)

|                       |                                                               |
|-----------------------|---------------------------------------------------------------|
| 基因名(Gene Name)        | FAT2                                                          |
| 别名(Alternative Names) | CDHF8 KIAA0811 MEGF1                                          |
| 基因 ID(Gene ID)        | 2196.0                                                        |
| SwissProt ID          | Q9NYQ8                                                        |
| 免疫原(Immunogen)        | Synthesized peptide derived from part region of human protein |

### 研究背景 (Background)

This gene is the second identified human homolog of the Drosophila fat gene, which encodes a tumor suppressor essential for controlling cell proliferation during Drosophila development. The gene product is a member of the cadherin superfamily, a group of integral membrane proteins characterized by the presence of cadherin-type repeats. In addition to containing 34 tandem cadherin-type repeats, the gene product has two epidermal growth factor (EGF)-like repeats and one laminin G

domain. This protein most likely functions as a cell adhesion molecule, controlling cell proliferation and playing an important role in cerebellum development. [provided by RefSeq, Jul 2008],similarity:Contains 1 laminin G-like domain.,similarity:Contains 2 EGF-like domains.,similarity:Contains 32 cadherin domains.,

### 研究领域 (Research Area)

### 注意事项 (Note)

For research use only.

### 图片 (Image Data)

Immunohistochemical analysis of paraffin-embedded human tonsil. 1, Tris-EDTA,pH9.0 was used for antigen retrieval. 2 Antibody was diluted at 1:200 (4° overnight).3,Secondary antibody was diluted at 1:200 (room temperature, 45min) .
