

**产品名称:** Flt3-L Rabbit Polyclonal Antibody

**产品货号:** APRab11038

### 产品概述 (Summary)

|                   |                                                                                                   |
|-------------------|---------------------------------------------------------------------------------------------------|
| 描述(Description)   | Rabbit polyclonal Antibody                                                                        |
| 宿主(Host)          | Rabbit                                                                                            |
| 应用(Application)   | WB,ELISA                                                                                          |
| 种属反应(Reactivity)  | Human,Rat,Mouse                                                                                   |
| 偶联物(Conjugation)  | Unconjugated                                                                                      |
| 修饰(Modification)  | Unmodified                                                                                        |
| 同种型(Isotype)      | IgG                                                                                               |
| 克隆(Clonality)     | Polyclonal                                                                                        |
| 剂型(Form)          | Liquid                                                                                            |
| 保存条件(Storage)     | Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles.          |
| 储存溶液(Buffer)      | Liquid in PBS containing 50% glycerol, 0.5% protective protein and 0.02% New type preservative N. |
| 纯化 (Purification) | Affinity purification                                                                             |

### 产品应用(Application)

|                       |                                       |
|-----------------------|---------------------------------------|
| 稀释比(Dilution Ratio)   | WB 1:500-1:2000,ELISA 1:10000-1:20000 |
| 分子量(Molecular Weight) | 26kDa                                 |

### 抗原信息(Antigen Information)

|                       |                                                                                                                             |
|-----------------------|-----------------------------------------------------------------------------------------------------------------------------|
| 基因名(Gene Name)        | FLT3LG                                                                                                                      |
| 别名(Alternative Names) | FLT3LG; Fms-related tyrosine kinase 3 ligand; Flt3 ligand; Flt3L; SL cytokine                                               |
| 基因 ID(Gene ID)        | 2323.0                                                                                                                      |
| SwissProt ID          | P49771                                                                                                                      |
| 免疫原(Immunogen)        | The antiserum was produced against synthesized peptide derived from the C-terminal region of human FLT3LG. AA range:171-220 |

### 研究背景 (Background)

Dendritic cells (DCs) provide the key link between innate and adaptive immunity by recognizing pathogens and priming pathogen-specific immune responses. FLT3LG controls the development of DCs and is particularly important for plasmacytoid

DCs and CD8 (see MIM 186910)-positive classical DCs and their CD103 (ITGAE; MIM 604682)-positive tissue counterparts (summary by Sathaliyawala et al., 2010 [PubMed 20933441]).[supplied by OMIM, Jan 2011],function:Stimulates the proliferation of early hematopoietic cells. Synergizes well with a number of other colony stimulating factors and interleukins.,subunit:Homodimer (isoform 2),.

### 研究领域 (Research Area)

Cytokine-cytokine receptor interaction;Hematopoietic cell lineage;Pathways in cancer;

### 注意事项 (Note)

For research use only.

### 图片 (Image Data)

Western Blot analysis of HeLa cells using Flt3-L Polyclonal Antibody.. Secondary antibody was diluted at 1:20000
