

**产品名称:** FoxD4L1 Rabbit Polyclonal Antibody

**产品货号:** APRab11083

### 产品概述 (Summary)

|                   |                                                                                                   |
|-------------------|---------------------------------------------------------------------------------------------------|
| 描述(Description)   | Rabbit polyclonal Antibody                                                                        |
| 宿主(Host)          | Rabbit                                                                                            |
| 应用(Application)   | WB,ELISA                                                                                          |
| 种属反应(Reactivity)  | Human,Rat,Mouse                                                                                   |
| 偶联物(Conjugation)  | Unconjugated                                                                                      |
| 修饰(Modification)  | Unmodified                                                                                        |
| 同种型(Isotype)      | IgG                                                                                               |
| 克隆(Clonality)     | Polyclonal                                                                                        |
| 剂型(Form)          | Liquid                                                                                            |
| 保存条件(Storage)     | Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles.          |
| 储存溶液(Buffer)      | Liquid in PBS containing 50% glycerol, 0.5% protective protein and 0.02% New type preservative N. |
| 纯化 (Purification) | Affinity purification                                                                             |

### 产品应用(Application)

|                       |                                       |
|-----------------------|---------------------------------------|
| 稀释比(Dilution Ratio)   | WB 1:500-1:2000,ELISA 1:20000-1:40000 |
| 分子量(Molecular Weight) | 45kDa                                 |

### 抗原信息(Antigen Information)

|                       |                                                                 |
|-----------------------|-----------------------------------------------------------------|
| 基因名(Gene Name)        | FOXD4L1                                                         |
| 别名(Alternative Names) | FOXD4L1; Forkhead box protein D4-like 1; FOXD4-like 1           |
| 基因 ID(Gene ID)        | 200350.0                                                        |
| SwissProt ID          | Q9NU39                                                          |
| 免疫原(Immunogen)        | Synthesized peptide derived from FoxD4L1 . at AA range: 320-400 |

### 研究背景 (Background)

forkhead box D4-like 1(FOXD4L1) Homo sapiens This gene is a member of the forkhead/winged-helix (FOX) family of transcription factors with highly conserved FOX DNA-binding domains. Members of the FOX family of transcription factors are regulators of embryogenesis and may play a role in human cancer. This gene lies in a region of chromosome 2 that surrounds

the site where two ancestral chromosomes fused to form human chromosome 2. This region is duplicated elsewhere in the human genome, primarily in subtelomeric and pericentromeric locations, thus multiple copies of this gene have been found. [provided by RefSeq, Jul 2008], similarity: Contains 1 fork-head DNA-binding domain.,

## 研究领域 (Research Area)

## 注意事项 (Note)

For research use only.

## 图片 (Image Data)

Western blot analysis of FOXD4L1 Antibody. The lane on the right is blocked with the FOXD4L1 peptide.

Western Blot analysis of HuvEc cells using FoxD4L1 Polyclonal Antibody.
