

**产品名称: GIDRP88 Rabbit Polyclonal Antibody**

**产品货号: APRab11440**

### 产品概述 (Summary)

|                   |                                                                                                   |
|-------------------|---------------------------------------------------------------------------------------------------|
| 描述(Description)   | Rabbit polyclonal Antibody                                                                        |
| 宿主(Host)          | Rabbit                                                                                            |
| 应用(Application)   | WB,IHC,ICC/IF,ELISA                                                                               |
| 种属反应(Reactivity)  | Human,Mouse,Monkey                                                                                |
| 偶联物(Conjugation)  | Unconjugated                                                                                      |
| 修饰(Modification)  | Unmodified                                                                                        |
| 同种型(Isotype)      | IgG                                                                                               |
| 克隆(Clonality)     | Polyclonal                                                                                        |
| 剂型(Form)          | Liquid                                                                                            |
| 保存条件(Storage)     | Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles.          |
| 储存溶液(Buffer)      | Liquid in PBS containing 50% glycerol, 0.5% protective protein and 0.02% New type preservative N. |
| 纯化 (Purification) | Affinity purification                                                                             |

### 产品应用(Application)

|                       |                                                                         |
|-----------------------|-------------------------------------------------------------------------|
| 稀释比(Dilution Ratio)   | WB 1:500-1:2000,IHC 1:100-1:300,ICC/IF 1:50-1:200,ELISA 1:20000-1:40000 |
| 分子量(Molecular Weight) | 88kDa                                                                   |

### 抗原信息(Antigen Information)

|                       |                                                                                                     |
|-----------------------|-----------------------------------------------------------------------------------------------------|
| 基因名(Gene Name)        | R3HCC1L<br>R3HCC1L; C10orf28; GIDRP88; R3H and coiled-coil domain-containing protein 1-like;        |
| 别名(Alternative Names) | Growth inhibition and differentiation-related protein 88; Putative mitochondrial space protein 32.1 |
| 基因 ID(Gene ID)        | 27291.0                                                                                             |
| SwissProt ID          | Q7Z5L2                                                                                              |
| 免疫原(Immunogen)        | The antiserum was produced against synthesized peptide derived from human GIDRP88. AA range:721-770 |

### 研究背景 (Background)

tissue specificity:Expressed in placenta.,tissue specificity:Expressed in placenta.,

## 研究领域 (Research Area)

## 注意事项 (Note)

For research use only.

## 图片 (Image Data)

Immunohistochemistry analysis of paraffin-embedded human testis tissue, using GIDRP88 Antibody. The picture on the right is blocked with the synthesized peptide.

Western blot analysis of lysates from Jurkat and COS cells, using GIDRP88 Antibody. The lane on the right is blocked with the synthesized peptide.
