

**产品名称: GPR63 Rabbit Polyclonal Antibody**

**产品货号: APRab11696**

### 产品概述 (Summary)

|                   |                                                                                                   |
|-------------------|---------------------------------------------------------------------------------------------------|
| 描述(Description)   | Rabbit polyclonal Antibody                                                                        |
| 宿主(Host)          | Rabbit                                                                                            |
| 应用(Application)   | ICC/IF,ELISA                                                                                      |
| 种属反应(Reactivity)  | Human,Mouse                                                                                       |
| 偶联物(Conjugation)  | Unconjugated                                                                                      |
| 修饰(Modification)  | Unmodified                                                                                        |
| 同种型(Isotype)      | IgG                                                                                               |
| 克隆(Clonality)     | Polyclonal                                                                                        |
| 剂型(Form)          | Liquid                                                                                            |
| 保存条件(Storage)     | Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles.          |
| 储存溶液(Buffer)      | Liquid in PBS containing 50% glycerol, 0.5% protective protein and 0.02% New type preservative N. |
| 纯化 (Purification) | Affinity purification                                                                             |

### 产品应用(Application)

稀释比(Dilution Ratio) ICC/IF 1:200-1:1000,ELISA 1:10000-1:20000

分子量(Molecular Weight)

### 抗原信息(Antigen Information)

|                       |                                                                                                   |
|-----------------------|---------------------------------------------------------------------------------------------------|
| 基因名(Gene Name)        | GPR63                                                                                             |
| 别名(Alternative Names) | GPR63; PSP24B; Probable G-protein coupled receptor 63; PSP24-2; PSP24-beta                        |
| 基因 ID(Gene ID)        | 81491.0                                                                                           |
| SwissProt ID          | Q9BZJ6                                                                                            |
| 免疫原(Immunogen)        | The antiserum was produced against synthesized peptide derived from human GPR63. AA range:370-419 |

### 研究背景 (Background)

This gene encodes a G protein-coupled receptor. Multiple alternatively spliced variants, encoding the same protein, have been identified. [provided by RefSeq, Dec 2011],function:Orphan receptor. May play a role in brain function.,similarity:Belongs to the

G-protein coupled receptor 1 family.,tissue specificity:Expressed in brain; detected in the frontal cortex, with lower levels in the thalamus, caudate, hypothalamus and midbrain.,

### 研究领域 (Research Area)

### 注意事项 (Note)

For research use only.

### 图片 (Image Data)

Immunofluorescence analysis of MCF7 cells, using GPR63 Antibody. The picture on the right is blocked with the synthesized peptide.
