

**产品名称: IFITM3 Rabbit Polyclonal Antibody**

**产品货号: APRab12383**

### 产品概述 (Summary)

|                   |                                                                                                   |
|-------------------|---------------------------------------------------------------------------------------------------|
| 描述(Description)   | Rabbit polyclonal Antibody                                                                        |
| 宿主(Host)          | Rabbit                                                                                            |
| 应用(Application)   | WB,ICC/IF,ELISA                                                                                   |
| 种属反应(Reactivity)  | Human,Rat,Mouse                                                                                   |
| 偶联物(Conjugation)  | Unconjugated                                                                                      |
| 修饰(Modification)  | Unmodified                                                                                        |
| 同种型(Isotype)      | IgG                                                                                               |
| 克隆(Clonality)     | Polyclonal                                                                                        |
| 剂型(Form)          | Liquid                                                                                            |
| 保存条件(Storage)     | Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles.          |
| 储存溶液(Buffer)      | Liquid in PBS containing 50% glycerol, 0.5% protective protein and 0.02% New type preservative N. |
| 纯化 (Purification) | Affinity purification                                                                             |

### 产品应用(Application)

|                       |                                                           |
|-----------------------|-----------------------------------------------------------|
| 稀释比(Dilution Ratio)   | WB 1:500-1:2000,ICC/IF 1:200-1:1000,ELISA 1:20000-1:40000 |
| 分子量(Molecular Weight) | 15kDa                                                     |

### 抗原信息(Antigen Information)

|                       |                                                                                                                               |
|-----------------------|-------------------------------------------------------------------------------------------------------------------------------|
| 基因名(Gene Name)        | IFITM3                                                                                                                        |
| 别名(Alternative Names) | IFITM3; Interferon-induced transmembrane protein 3; Dispanin subfamily A member 2b; DSPA2b; Interferon-inducible protein 1-8U |
| 基因 ID(Gene ID)        | 10410.0                                                                                                                       |
| SwissProt ID          | Q01628                                                                                                                        |
| 免疫原(Immunogen)        | The antiserum was produced against synthesized peptide derived from human IFM3. AA range:1-50                                 |

### 研究背景 (Background)

The protein encoded by this gene is an interferon-induced membrane protein that helps confer immunity to influenza A H1N1

virus, West Nile virus, and dengue virus. Two transcript variants, only one of them protein-coding, have been found for this gene. Another variant encoding an N-terminally truncated isoform has been reported, but the full-length nature of this variant has not been determined. [provided by RefSeq, May 2012],induction:By alpha and gamma interferons.,similarity:Belongs to the CD225 family.,

## 研究领域 (Research Area)

Stem Cells

## 注意事项 (Note)

For research use only.

## 图片 (Image Data)

Immunofluorescence analysis of MCF7 cells, using IFM3 Antibody. The picture on the right is blocked with the synthesized peptide.

Western blot analysis of lysates from HepG2 and HeLa cells, using IFM3 Antibody. The lane on the right is blocked with the synthesized peptide.

Western Blot analysis of various cells using IFITM3 Polyclonal Antibody diluted at 1 : 2000

Western Blot analysis of HeLa cells using IFITM3 Polyclonal Antibody diluted at 1 : 2000
