

**产品名称:** Pitx1 Rabbit Polyclonal Antibody

**产品货号:** APRab16167

### 产品概述 (Summary)

|                   |                                                                                                   |
|-------------------|---------------------------------------------------------------------------------------------------|
| 描述(Description)   | Rabbit polyclonal Antibody                                                                        |
| 宿主(Host)          | Rabbit                                                                                            |
| 应用(Application)   | WB,IHC,ICC/IF,ELISA                                                                               |
| 种属反应(Reactivity)  | Human,Mouse,Rat                                                                                   |
| 偶联物(Conjugation)  | Unconjugated                                                                                      |
| 修饰(Modification)  | Unmodified                                                                                        |
| 同种型(Isotype)      | IgG                                                                                               |
| 克隆(Clonality)     | Polyclonal                                                                                        |
| 剂型(Form)          | Liquid                                                                                            |
| 保存条件(Storage)     | Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles.          |
| 储存溶液(Buffer)      | Liquid in PBS containing 50% glycerol, 0.5% protective protein and 0.02% New type preservative N. |
| 纯化 (Purification) | Affinity purification                                                                             |

### 产品应用(Application)

|                       |                                                                         |
|-----------------------|-------------------------------------------------------------------------|
| 稀释比(Dilution Ratio)   | WB 1:500-1:2000,IHC 1:100-1:300,ICC/IF 1:50-1:200,ELISA 1:10000-1:20000 |
| 分子量(Molecular Weight) | 34kDa                                                                   |

### 抗原信息(Antigen Information)

|                       |                                                                                                                                                              |
|-----------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 基因名(Gene Name)        | PITX1                                                                                                                                                        |
| 别名(Alternative Names) | PITX1; BFT; PTX1; Pituitary homeobox 1; Hindlimb-expressed homeobox protein backfoot; Homeobox protein PITX1; Paired-like homeodomain transcription factor 1 |
| 基因 ID(Gene ID)        | 5307.0                                                                                                                                                       |
| SwissProt ID          | P78337                                                                                                                                                       |
| 免疫原(Immunogen)        | The antiserum was produced against synthesized peptide derived from human PITX1. AA range:121-170                                                            |

### 研究背景 (Background)

This gene encodes a member of the RIEG/PITX homeobox family, which is in the bicoid class of homeodomain proteins.

Members of this family are involved in organ development and left-right asymmetry. This protein acts as a transcriptional regulator involved in basal and hormone-regulated activity of prolactin. [provided by RefSeq, Jul 2008],function:May play a role in the development of anterior structures, and in particular, the brain and facies and in specifying the identity or structure of hindlimb.,similarity:Belongs to the paired homeobox family. Bicoid subfamily.,similarity:Contains 1 homeobox DNA-binding domain.,similarity:Contains 1 OAR domain.,

### 研究领域 (Research Area)

Signal Transduction; Signaling Pathway; G Protein Signaling; Small G Proteins; Regulators; Epigenetics and Nuclear Signaling; Transcription; Cancer susceptibility; Tumor Suppressors

### 注意事项 (Note)

For research use only.

### 图片 (Image Data)

Western blot analysis of lysates from Jurkat and COLO cells, using PITX1 Antibody. The lane on the right is blocked with the synthesized peptide.

Western Blot analysis of various cells using Pitx1 Polyclonal Antibody.

Western Blot analysis of Jurkat cells using Pitx1 Polyclonal Antibody.
