

**产品名称: POTE15 Rabbit Polyclonal Antibody**

**产品货号: APRab16383**

### 产品概述 (Summary)

|                   |                                                                                                   |
|-------------------|---------------------------------------------------------------------------------------------------|
| 描述(Description)   | Rabbit polyclonal Antibody                                                                        |
| 宿主(Host)          | Rabbit                                                                                            |
| 应用(Application)   | WB,IHC,ICC/IF,ELISA                                                                               |
| 种属反应(Reactivity)  | Human,Rat,Mouse                                                                                   |
| 偶联物(Conjugation)  | Unconjugated                                                                                      |
| 修饰(Modification)  | Unmodified                                                                                        |
| 同种型(Isotype)      | IgG                                                                                               |
| 克隆(Clonality)     | Polyclonal                                                                                        |
| 剂型(Form)          | Liquid                                                                                            |
| 保存条件(Storage)     | Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles.          |
| 储存溶液(Buffer)      | Liquid in PBS containing 50% glycerol, 0.5% protective protein and 0.02% New type preservative N. |
| 纯化 (Purification) | Affinity purification                                                                             |

### 产品应用(Application)

|                       |                                                                        |
|-----------------------|------------------------------------------------------------------------|
| 稀释比(Dilution Ratio)   | WB 1:500-1:2000,IHC 1:100-1:300,ICC/IF 1:50-1:200,ELISA 1:5000-1:10000 |
| 分子量(Molecular Weight) | 60kDa                                                                  |

### 抗原信息(Antigen Information)

|                       |                                                                                                                                                                |
|-----------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 基因名(Gene Name)        | POTEB                                                                                                                                                          |
| 别名(Alternative Names) | POTEB; A26B1; POTE15; POTE ankyrin domain family member B; ANKRD26-like family B member 1; Prostate; ovary, testis-expressed protein on chromosome 15; POTE-15 |
| 基因 ID(Gene ID)        | 339010.0                                                                                                                                                       |
| SwissProt ID          | Q6S5H4                                                                                                                                                         |
| 免疫原(Immunogen)        | The antiserum was produced against synthesized peptide derived from human A26B1. AA range:481-530                                                              |

### 研究背景 (Background)

POTEB (POTE Ankyrin Domain Family Member B) is a Protein Coding gene. An important paralog of this gene is ANKRD18A.

## 研究领域 (Research Area)

## 注意事项 (Note)

For research use only.

## 图片 (Image Data)

Western blot analysis of lysates from Jurkat cells, using A26B1 Antibody. The lane on the right is blocked with the synthesized peptide.

Western blot analysis of Mouse-kidney 3T3 lysis using POTE15 antibody. Antibody was diluted at 1:500
