

**产品名称:** Rho GDI $\alpha$  Rabbit Polyclonal Antibody

**产品货号:** APRab17124

### 产品概述 (Summary)

|                   |                                                                                                   |
|-------------------|---------------------------------------------------------------------------------------------------|
| 描述(Description)   | Rabbit polyclonal Antibody                                                                        |
| 宿主(Host)          | Rabbit                                                                                            |
| 应用(Application)   | IHC, ICC/IF, ELISA                                                                                |
| 种属反应(Reactivity)  | Human, Mouse, Rat                                                                                 |
| 偶联物(Conjugation)  | Unconjugated                                                                                      |
| 修饰(Modification)  | Unmodified                                                                                        |
| 同种型(Isotype)      | IgG                                                                                               |
| 克隆(Clonality)     | Polyclonal                                                                                        |
| 剂型(Form)          | Liquid                                                                                            |
| 保存条件(Storage)     | Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles.          |
| 储存溶液(Buffer)      | Liquid in PBS containing 50% glycerol, 0.5% protective protein and 0.02% New type preservative N. |
| 纯化 (Purification) | Affinity purification                                                                             |

### 产品应用(Application)

**稀释比(Dilution Ratio)** IHC 1:100-1:300, ICC/IF 1:50-1:200, ELISA 1:5000-1:20000

**分子量(Molecular Weight)**

### 抗原信息(Antigen Information)

|                       |                                                                                                         |
|-----------------------|---------------------------------------------------------------------------------------------------------|
| 基因名(Gene Name)        | ARHGDI A                                                                                                |
| 别名(Alternative Names) | ARHGDI A; GDIA1; Rho GDP-dissociation inhibitor 1; Rho GDI 1; Rho-GDI alpha                             |
| 基因 ID(Gene ID)        | 396.0                                                                                                   |
| SwissProt ID          | P52565                                                                                                  |
| 免疫原(Immunogen)        | The antiserum was produced against synthesized peptide derived from human ARHGDI A.<br>AA range:140-189 |

### 研究背景 (Background)

This gene encodes a protein that plays a key role in the regulation of signaling through Rho GTPases. The encoded protein inhibits the disassociation of Rho family members from GDP (guanine diphosphate), thereby maintaining these factors in an

inactive state. Activity of this protein is important in a variety of cellular processes, and expression of this gene may be altered in tumors. Mutations in this gene have been found in individuals with nephrotic syndrome, type 8. Alternate splicing results in multiple transcript variants. [provided by RefSeq, Jul 2014],function:Regulates the GDP/GTP exchange reaction of the Rho proteins by inhibiting the dissociation of GDP from them, and the subsequent binding of GTP to them.,similarity:Belongs to the Rho GDI family.,subunit:Monomer.,

### 研究领域 (Research Area)

Neurotrophin;

### 注意事项 (Note)

For research use only.

### 图片 (Image Data)

Immunohistochemistry analysis of paraffin-embedded human cervix carcinoma tissue, using ARHGDI2 Antibody. The picture on the right is blocked with the synthesized peptide.
