

**产品名称:** Ribosomal Protein L39L Rabbit Polyclonal Antibody

**产品货号:** APRab17165

### 产品概述 (Summary)

|                   |                                                                                                   |
|-------------------|---------------------------------------------------------------------------------------------------|
| 描述(Description)   | Rabbit polyclonal Antibody                                                                        |
| 宿主(Host)          | Rabbit                                                                                            |
| 应用(Application)   | IHC, ICC/IF, ELISA                                                                                |
| 种属反应(Reactivity)  | Human, Rat, Mouse                                                                                 |
| 偶联物(Conjugation)  | Unconjugated                                                                                      |
| 修饰(Modification)  | Unmodified                                                                                        |
| 同种型(Isotype)      | IgG                                                                                               |
| 克隆(Clonality)     | Polyclonal                                                                                        |
| 剂型(Form)          | Liquid                                                                                            |
| 保存条件(Storage)     | Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles.          |
| 储存溶液(Buffer)      | Liquid in PBS containing 50% glycerol, 0.5% protective protein and 0.02% New type preservative N. |
| 纯化 (Purification) | Affinity purification                                                                             |

### 产品应用(Application)

**稀释比(Dilution Ratio)** IHC 1:100-1:300, ICC/IF 1:50-1:200, ELISA 1:20000-1:40000

**分子量(Molecular Weight)**

### 抗原信息(Antigen Information)

|                       |                                                                                                 |
|-----------------------|-------------------------------------------------------------------------------------------------|
| 基因名(Gene Name)        | RPL39L                                                                                          |
| 别名(Alternative Names) | RPL39L; RPL39L1; 60S ribosomal protein L39-like; 60S ribosomal protein L39-2                    |
| 基因 ID(Gene ID)        | 116832.0                                                                                        |
| SwissProt ID          | Q96EH5                                                                                          |
| 免疫原(Immunogen)        | The antiserum was produced against synthesized peptide derived from human RPL39L. AA range:1-50 |

### 研究背景 (Background)

This gene encodes a protein sharing high sequence similarity with ribosomal protein L39. Although the name of this gene has been referred to as 'ribosomal protein L39' in the public databases, its official name is 'ribosomal protein L39-like'. It is not

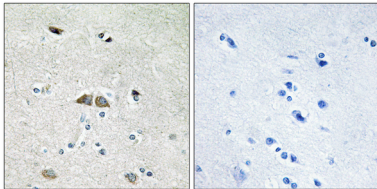

currently known whether the encoded protein is a functional ribosomal protein or whether it has evolved a function that is independent of the ribosome. [provided by RefSeq, Jul 2008],similarity:Belongs to the ribosomal protein L39e family,,tissue specificity:Testis specific.,

### 研究领域 (Research Area)

### 注意事项 (Note)

For research use only.

### 图片 (Image Data)

Immunohistochemistry analysis of paraffin-embedded human brain, using RPL39L Antibody. The picture on the right is blocked with the synthesized peptide.
