

**产品名称: SRp75 Rabbit Polyclonal Antibody**

**产品货号: APRab18281**

### 产品概述 (Summary)

|                   |                                                                                                   |
|-------------------|---------------------------------------------------------------------------------------------------|
| 描述(Description)   | Rabbit polyclonal Antibody                                                                        |
| 宿主(Host)          | Rabbit                                                                                            |
| 应用(Application)   | WB,IHC,ICC/IF,ELISA                                                                               |
| 种属反应(Reactivity)  | Human,Mouse                                                                                       |
| 偶联物(Conjugation)  | Unconjugated                                                                                      |
| 修饰(Modification)  | Unmodified                                                                                        |
| 同种型(Isotype)      | IgG                                                                                               |
| 克隆(Clonality)     | Polyclonal                                                                                        |
| 剂型(Form)          | Liquid                                                                                            |
| 保存条件(Storage)     | Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles.          |
| 储存溶液(Buffer)      | Liquid in PBS containing 50% glycerol, 0.5% protective protein and 0.02% New type preservative N. |
| 纯化 (Purification) | Affinity purification                                                                             |

### 产品应用(Application)

|                       |                                                                         |
|-----------------------|-------------------------------------------------------------------------|
| 稀释比(Dilution Ratio)   | WB 1:500-1:2000,IHC 1:100-1:300,ICC/IF 1:50-1:200,ELISA 1:10000-1:20000 |
| 分子量(Molecular Weight) | 57kDa                                                                   |

### 抗原信息(Antigen Information)

|                       |                                                                                                                                                |
|-----------------------|------------------------------------------------------------------------------------------------------------------------------------------------|
| 基因名(Gene Name)        | SRSF4                                                                                                                                          |
| 别名(Alternative Names) | SRSF4; SFRS4; SRP75; Serine/arginine-rich splicing factor 4; Pre-mRNA-splicing factor SRP75; SRP001LB; Splicing factor; arginine/serine-rich 4 |
| 基因 ID(Gene ID)        | 6429.0                                                                                                                                         |
| SwissProt ID          | Q08170                                                                                                                                         |
| 免疫原(Immunogen)        | The antiserum was produced against synthesized peptide derived from human SFRS4. AA range:111-160                                              |

### 研究背景 (Background)

This gene encodes a member of the arginine/serine-rich splicing factor family. The encoded protein likely functions in mRNA

processing. [provided by RefSeq, Feb 2009],function:A probable role in alternative splice site selection during pre-mRNA splicing.,PTM:Extensively phosphorylated on serine residues in the RS domain.,similarity:Belongs to the splicing factor SR family.,similarity:Contains 2 RRM (RNA recognition motif) domains.,subunit:Found in a pre-mRNA splicing complex with SFRS4, SFRS5, SNRNP70, SNRPA1, SRRM1 and SRRM2. Interacts with PNN.,

## 研究领域 (Research Area)

Spliceosome;

## 注意事项 (Note)

For research use only.

## 图片 (Image Data)

Western blot analysis of lysates from LOVO cells, using SFRS4 Antibody. The lane on the right is blocked with the synthesized peptide.

Western Blot analysis of various cells using SRp75 Polyclonal Antibody diluted at 1:1000.

Immunohistochemical analysis of paraffin-embedded Human thyroid gland. Antibody was diluted at 1:100 (4°,overnight) . High-pressure and temperature Tris-EDTA,pH8.0 was used for antigen retrieval. Negative contrl (right) obtained from antibody was pre-absorbed by immunogen peptide.
