

**产品名称:** ZNF337 Rabbit Polyclonal Antibody

**产品货号:** APRab20260

### 产品概述 (Summary)

|                   |                                                                                                   |
|-------------------|---------------------------------------------------------------------------------------------------|
| 描述(Description)   | Rabbit polyclonal Antibody                                                                        |
| 宿主(Host)          | Rabbit                                                                                            |
| 应用(Application)   | WB,IHC,ICC/IF,ELISA                                                                               |
| 种属反应(Reactivity)  | Human,Rat,Mouse                                                                                   |
| 偶联物(Conjugation)  | Unconjugated                                                                                      |
| 修饰(Modification)  | Unmodified                                                                                        |
| 同种型(Isotype)      | IgG                                                                                               |
| 克隆(Clonality)     | Polyclonal                                                                                        |
| 剂型(Form)          | Liquid                                                                                            |
| 保存条件(Storage)     | Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles.          |
| 储存溶液(Buffer)      | Liquid in PBS containing 50% glycerol, 0.5% protective protein and 0.02% New type preservative N. |
| 纯化 (Purification) | Affinity purification                                                                             |

### 产品应用(Application)

|                       |                                                                           |
|-----------------------|---------------------------------------------------------------------------|
| 稀释比(Dilution Ratio)   | WB 1:500-1:2000,IHC 1:100-1:300,ICC/IF 1:200-1:1000,ELISA 1:10000-1:20000 |
| 分子量(Molecular Weight) | 86kDa                                                                     |

### 抗原信息(Antigen Information)

|                       |                                                                                                    |
|-----------------------|----------------------------------------------------------------------------------------------------|
| 基因名(Gene Name)        | ZNF337                                                                                             |
| 别名(Alternative Names) | ZNF337; Zinc finger protein 337                                                                    |
| 基因 ID(Gene ID)        | 26152.0                                                                                            |
| SwissProt ID          | Q9Y3M9                                                                                             |
| 免疫原(Immunogen)        | The antiserum was produced against synthesized peptide derived from human ZNF337. AA range:471-520 |

### 研究背景 (Background)

zinc finger protein 337(ZNF337) Homo sapiens This gene encodes a zinc finger domain containing protein. The function of this protein has yet to be determined. Alternative splicing results in multiple transcript variants. [provided by RefSeq, Mar

2014],function:May be involved in transcriptional regulation.,similarity:Belongs to the krueppel C2H2-type zinc-finger protein family.,similarity:Contains 1 KRAB domain.,similarity:Contains 20 C2H2-type zinc fingers.,

## 研究领域 (Research Area)

## 注意事项 (Note)

For research use only.

## 图片 (Image Data)

Western blot analysis of lysates from HeLa cells, using ZNF337 Antibody. The lane on the right is blocked with the synthesized peptide.

Western Blot analysis of various cells using ZNF337 Polyclonal Antibody. Secondary antibody was diluted at 1:20000.
