

**产品名称:** ALKBH5 Rabbit Polyclonal Antibody

**产品货号:** APRab20374

## 产品概述 (Summary)

|                   |                                                                                          |
|-------------------|------------------------------------------------------------------------------------------|
| 描述(Description)   | Rabbit polyclonal Antibody                                                               |
| 宿主(Host)          | Rabbit                                                                                   |
| 应用(Application)   | WB                                                                                       |
| 种属反应(Reactivity)  | Human, Mouse, Rat                                                                        |
| 偶联物(Conjugation)  | Unconjugated                                                                             |
| 修饰(Modification)  | Unmodified                                                                               |
| 同种型(Isotype)      | IgG                                                                                      |
| 克隆(Clonality)     | Polyclonal                                                                               |
| 剂型(Form)          | Liquid                                                                                   |
| 保存条件(Storage)     | Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles. |
| 储存溶液(Buffer)      | pH 7.4 PBS, 0.05% NaN <sub>3</sub> , 40% Glycerol                                        |
| 纯化 (Purification) | Affinity purification                                                                    |

## 产品应用(Application)

|                       |                                            |
|-----------------------|--------------------------------------------|
| 稀释比(Dilution Ratio)   | WB 1:500-1:1000                            |
| 分子量(Molecular Weight) | Calculated MW: 44 kDa; Observed MW: 44 kDa |

## 抗原信息(Antigen Information)

|                       |                                                        |
|-----------------------|--------------------------------------------------------|
| 基因名(Gene Name)        | ALKBH5                                                 |
| 别名(Alternative Names) | alkB homolog 5; RNA demethylase; ABH5; OFOX D; OFOX D1 |
| 基因 ID(Gene ID)        | 54890.0                                                |
| SwissProt ID          | Q6P6C2                                                 |
| 免疫原(Immunogen)        | Recombinant protein of human ALKBH5                    |

## 研究背景 (Background)

Dioxygenase that demethylates RNA by oxidative demethylation: specifically demethylates N6-methyladenosine (m6A) RNA, the most prevalent internal modification of messenger RNA (mRNA) in higher eukaryotes.

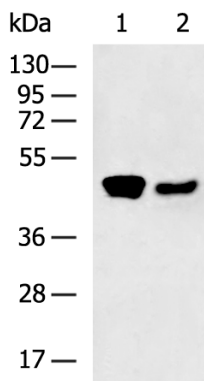

## 研究领域 (Research Area)

Epigenetics and Nuclear Signaling

### 注意事项 (Note)

For research use only.

### 图片 (Image Data)

Western blot analysis of ALKBH5 in A549 and Hela lysates using ALKBH5 antibody.
