

**产品名称:** HNF 4 alpha Rabbit Monoclonal Antibody

**产品货号:** AMRe02102

### 产品概述 (Summary)

|                   |                                                                                                      |
|-------------------|------------------------------------------------------------------------------------------------------|
| 描述(Description)   | Recombinant rabbit monoclonal antibody                                                               |
| 宿主(Host)          | Rabbit                                                                                               |
| 应用(Application)   | WB,IP,ChIP                                                                                           |
| 种属反应(Reactivity)  | Human,Mouse,Rat                                                                                      |
| 偶联物(Conjugation)  | Unconjugated                                                                                         |
| 修饰(Modification)  | Unmodified                                                                                           |
| 同种型(Isotype)      | IgG                                                                                                  |
| 克隆(Clonality)     | Monoclonal                                                                                           |
| 剂型(Form)          | Liquid                                                                                               |
| 保存条件(Storage)     | Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles.             |
| 储存溶液(Buffer)      | 50mM Tris-Glycine(pH 7.4), 0.15M NaCl, 40% Glycerol, 0.01% Sodium azide and 0.05% protective protein |
| 纯化 (Purification) | Affinity Purification                                                                                |

### 产品应用(Application)

|                       |                                            |
|-----------------------|--------------------------------------------|
| 稀释比(Dilution Ratio)   | WB 1:500-1:1000,IP 1:20-1:50,ChIP 1:20     |
| 分子量(Molecular Weight) | Calculated MW: 53 kDa; Observed MW: 53 kDa |

### 抗原信息(Antigen Information)

|                       |                                                     |
|-----------------------|-----------------------------------------------------|
| 基因名(Gene Name)        | Hnf4A                                               |
| 别名(Alternative Names) | Hnf4; HNF-4; MODY1; Nr2a1; Tcf14; TCF-14; Hnf4alpha |
| 基因 ID(Gene ID)        | 15378.0                                             |
| SwissProt ID          | P49698                                              |
| 免疫原(Immunogen)        | Recombinant protein of human HNF-4-alpha            |

### 研究背景 (Background)

Transcriptionally controlled transcription factor. Binds to DNA sites required for the transcription of alpha 1-antitrypsin, apolipoprotein CIII, transthyretin genes and HNF1-alpha. May be essential for development of the liver, kidney and inTine.MiscellaneousBinds fatty acids.

## 研究领域 (Research Area)

Cardiovascular

## 注意事项 (Note)

For research use only.

## 图片 (Image Data)

Western blot analysis of HNF4alpha in mouse liver lysates using HNF 4 alpha antibody.

Western blot analysis of HNF4alpha in K562, C6, HeLa lysates using HNF4alpha antibody.
