

**产品名称: PSMA Rabbit Monoclonal Antibody**

**产品货号: AMRe02489**

### 产品概述 (Summary)

|                   |                                                                                                      |
|-------------------|------------------------------------------------------------------------------------------------------|
| 描述(Description)   | Recombinant rabbit monoclonal antibody                                                               |
| 宿主(Host)          | Rabbit                                                                                               |
| 应用(Application)   | WB                                                                                                   |
| 种属反应(Reactivity)  | Human                                                                                                |
| 偶联物(Conjugation)  | Unconjugated                                                                                         |
| 修饰(Modification)  | Unmodified                                                                                           |
| 同种型(Isotype)      | IgG                                                                                                  |
| 克隆(Clonality)     | Monoclonal                                                                                           |
| 剂型(Form)          | Liquid                                                                                               |
| 保存条件(Storage)     | Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles.             |
| 储存溶液(Buffer)      | 50mM Tris-Glycine(pH 7.4), 0.15M NaCl, 40% Glycerol, 0.01% Sodium azide and 0.05% protective protein |
| 纯化 (Purification) | Affinity Purification                                                                                |

### 产品应用(Application)

|                       |                                             |
|-----------------------|---------------------------------------------|
| 稀释比(Dilution Ratio)   | WB 1:500-1:1000                             |
| 分子量(Molecular Weight) | Calculated MW: 84 kDa; Observed MW: 100 kDa |

### 抗原信息(Antigen Information)

|                       |                                                          |
|-----------------------|----------------------------------------------------------|
| 基因名(Gene Name)        | FOLH1                                                    |
| 别名(Alternative Names) | FGCP; FOLH 1; GCP 2; GCPII; mGCP; NAALADase I; PSM; PSMA |
| 基因 ID(Gene ID)        | 2346                                                     |
| SwissProt ID          | Q04609                                                   |
| 免疫原(Immunogen)        | A synthetic peptide of human PSMA                        |

### 研究背景 (Background)

PSMA has both folate hydrolase and N-acetylated-alpha-linked-acidic dipeptidase (NAALADase) activity. Has a preference for tri-alpha-glutamate peptides. In the intestine, required for the uptake of folate. In the brain, modulates excitatory neurotransmission through the hydrolysis of the neuropeptide, N-aceylaspartylglutamate (NAAG), thereby releasing

glutamate. Isoform PSM-4 and isoform PSM-5 would appear to be physiologically irrelevant. Involved in prostate tumor progression. Also exhibits a dipeptidyl-peptidase IV type activity. In vitro, cleaves Gly-Pro-AMC.

### 研究领域 (Research Area)

Signal Transduction

### 注意事项 (Note)

For research use only.

### 图片 (Image Data)

Western blot analysis of PSMA in 3T3 lysates using PSMA antibody.
