

产品名称: TRAF6 Rabbit Monoclonal Antibody  
产品货号: AMRe02707

## 产品概述 (Summary)

|                        |                                        |
|------------------------|----------------------------------------|
| 产品名称 (Production Name) | TRAF6 Rabbit Monoclonal Antibody       |
| 描述 (Description)       | Recombinant rabbit monoclonal antibody |
| 宿主 (Host)              | Rabbit                                 |
| 应用 (Application)       | WB                                     |
| 种属反应性 (Reactivity)     | Human                                  |

## 产品性能 (Performance)

|                     |                                                                                                      |
|---------------------|------------------------------------------------------------------------------------------------------|
| 偶联物 (Conjugation)   | Unconjugated                                                                                         |
| 修饰 (Modification)   | Unmodified                                                                                           |
| 同种型 (Isotype)       | IgG                                                                                                  |
| 克隆 (Clonality)      | Monoclonal                                                                                           |
| 形式 (Form)           | Liquid                                                                                               |
| 存放说明 (Storage)      | Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles.             |
| 储存溶液 (Buffer)       | 50mM Tris-Glycine(pH 7.4), 0.15M NaCl, 40% Glycerol, 0.01% Sodium azide and 0.05% protective protein |
| 纯化方式 (Purification) | Affinity Purification                                                                                |

## 免疫原信息 (Immunogen)

|                        |                                                                                                                                               |
|------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------|
| 基因名 (Gene Name)        | TRAF6                                                                                                                                         |
| 别名 (Alternative Names) | TRAF6; RNF85; TNF receptor-associated factor 6; E3 ubiquitin-protein ligase<br>TRAF6; Interleukin-1 signal transducer; RING finger protein 85 |
| 基因 ID (Gene ID)        | 7189                                                                                                                                          |
| 蛋白 ID (SwissProt ID)   | Q9Y4K3.                                                                                                                                       |

## 产品应用 (Application)

|                          |                                            |
|--------------------------|--------------------------------------------|
| 稀释比 (Dilution Ratio)     | WB 1:500-1:1000                            |
| 蛋白分子量 (Molecular Weight) | Calculated MW: 60 kDa; Observed MW: 60 kDa |

## 研究背景 (Background)

**产品名称: TRAF6 Rabbit Monoclonal Antibody**  
**产品货号: AMRe02707**

TRAFs (TNF receptor-associated factors) are a family of multifunctional adaptor proteins that bind to surface receptors and recruit additional proteins to form multiprotein signaling complexes capable of promoting cellular responses. Members of the TRAF family share a common carboxy-terminal TRAF domain which mediates interactions with associated proteins; many also contain amino-terminal Zinc/RING finger motifs.

## 研究领域 (Research Area)

Cell Biology

## 图片 (Image Data)

Western blot analysis of TRAF6 in 293 lysates using TRAF6 antibody.

## 注意事项 (Note)

For research use only .
