

**产品名称:** Phospho-Src (Tyr530) Rabbit Monoclonal Antibody

**产品货号:** AMRe02877

### 产品概述 (Summary)

|                   |                                                                                                      |
|-------------------|------------------------------------------------------------------------------------------------------|
| 描述(Description)   | Recombinant rabbit monoclonal antibody                                                               |
| 宿主(Host)          | Rabbit                                                                                               |
| 应用(Application)   | WB,IP                                                                                                |
| 种属反应(Reactivity)  | Rat                                                                                                  |
| 偶联物(Conjugation)  | Unconjugated                                                                                         |
| 修饰(Modification)  | Phosphorylated                                                                                       |
| 同种型(Isotype)      | IgG                                                                                                  |
| 克隆(Clonality)     | Monoclonal                                                                                           |
| 剂型(Form)          | Liquid                                                                                               |
| 保存条件(Storage)     | Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles.             |
| 储存溶液(Buffer)      | 50mM Tris-Glycine(pH 7.4), 0.15M NaCl, 40% Glycerol, 0.01% Sodium azide and 0.05% protective protein |
| 纯化 (Purification) | Affinity Purification                                                                                |

### 产品应用(Application)

|                       |                                            |
|-----------------------|--------------------------------------------|
| 稀释比(Dilution Ratio)   | WB 1:500-1:1000,IP 1:20-1:50               |
| 分子量(Molecular Weight) | Calculated MW: 60 kDa; Observed MW: 60 kDa |

### 抗原信息(Antigen Information)

|                       |                                                                                                 |
|-----------------------|-------------------------------------------------------------------------------------------------|
| 基因名(Gene Name)        | SRC                                                                                             |
| 别名(Alternative Names) | SRC; SRC1; Proto-oncogene tyrosine-protein kinase Src; Proto-oncogene c-Src; pp60c-src; p60-Src |
| 基因 ID(Gene ID)        | 6714                                                                                            |
| SwissProt ID          | P12931                                                                                          |
| 免疫原(Immunogen)        | A synthetic Phosphorylated peptide corresponding to residues target protein                     |

### 研究背景 (Background)

Src activity is regulated by tyrosine phosphorylation at two sites, but with opposing effects. While phosphorylation at Tyr416 in the activation loop of the kinase domain upregulates enzyme activity, phosphorylation at Tyr527 in the carboxy-terminal tail by

Csk renders the enzyme less active (2).

## 研究领域 (Research Area)

Signal Transduction

## 注意事项 (Note)

For research use only.

## 图片 (Image Data)

Western blot analysis of Phospho-Src (Tyr529) in rat lung lysates using Phospho-Src (Tyr530) antibody.

Western blot analysis of Src (Phospho-Tyr529) in CHO-K1 lysates using Src (Phospho-Tyr529) antibody.
