

**产品名称: BUBR1 Rabbit Monoclonal Antibody**

**产品货号: AMRe02919**

### 产品概述 (Summary)

|                   |                                                                                                      |
|-------------------|------------------------------------------------------------------------------------------------------|
| 描述(Description)   | Recombinant rabbit monoclonal antibody                                                               |
| 宿主(Host)          | Rabbit                                                                                               |
| 应用(Application)   | WB,IHC,IP                                                                                            |
| 种属反应(Reactivity)  | Human,Hamster                                                                                        |
| 偶联物(Conjugation)  | Unconjugated                                                                                         |
| 修饰(Modification)  | Unmodified                                                                                           |
| 同种型(Isotype)      | IgG                                                                                                  |
| 克隆(Clonality)     | Monoclonal                                                                                           |
| 剂型(Form)          | Liquid                                                                                               |
| 保存条件(Storage)     | Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles.             |
| 储存溶液(Buffer)      | 50mM Tris-Glycine(pH 7.4), 0.15M NaCl, 40% Glycerol, 0.01% Sodium azide and 0.05% protective protein |
| 纯化 (Purification) | Affinity Purification                                                                                |

### 产品应用(Application)

|                       |                                              |
|-----------------------|----------------------------------------------|
| 稀释比(Dilution Ratio)   | WB 1:500-1:1000,IHC 1:50-1:100,IP 1:20-1:50  |
| 分子量(Molecular Weight) | Calculated MW: 120 kDa; Observed MW: 120 kDa |

### 抗原信息(Antigen Information)

|                       |                                                                                               |
|-----------------------|-----------------------------------------------------------------------------------------------|
| 基因名(Gene Name)        | BUB1B<br>BUB1B; BUBR1; MAD3L; SSK1; Mitotic checkpoint serine/threonine-protein kinase BUB1   |
| 别名(Alternative Names) | beta; MAD3/BUB1-related protein kinase; hBUBR1; Mitotic checkpoint kinase MAD3L; Protein SSK1 |
| 基因 ID(Gene ID)        | 701                                                                                           |
| SwissProt ID          | O60566                                                                                        |
| 免疫原(Immunogen)        | A synthetic peptide corresponding to target protein                                           |

### 研究背景 (Background)

Essential component of the mitotic checkpoint. Required for normal mitosis progression. The mitotic checkpoint delays

anaphase until all chromosomes are properly attached to the mitotic spindle. One of its checkpoint functions is to inhibit the activity of the anaphase-promoting complex/cyclosome (APC/C) by blocking the binding of CDC20 to APC/C, independently of its kinase activity. The other is to monitor kinetochore activities that depend on the kinetochore motor CENPE. Required for kinetochore localization of CENPE.

## 研究领域 (Research Area)

Cell Biology

## 注意事项 (Note)

For research use only.

## 图片 (Image Data)

Western blot analysis of BubR1 in CHO-K1, Ramos lysates using BUBR1 antibody.

Immunohistochemistry analysis of paraffin-embedded Human lung cancer using BubR1 antibody. High-pressure and temperature Sodium Citrate pH 6.0 was used for antigen retrieval.
