

**产品名称:** gamma Tubulin Rabbit Monoclonal Antibody

**产品货号:** AMRe03007

### 产品概述 (Summary)

|                   |                                                                                                      |
|-------------------|------------------------------------------------------------------------------------------------------|
| 描述(Description)   | Recombinant rabbit monoclonal antibody                                                               |
| 宿主(Host)          | Rabbit                                                                                               |
| 应用(Application)   | WB,ICC/IF,IP                                                                                         |
| 种属反应(Reactivity)  | Human,Mouse,Rat,Hamster                                                                              |
| 偶联物(Conjugation)  | Unconjugated                                                                                         |
| 修饰(Modification)  | Unmodified                                                                                           |
| 同种型(Isotype)      | IgG                                                                                                  |
| 克隆(Clonality)     | Monoclonal                                                                                           |
| 剂型(Form)          | Liquid                                                                                               |
| 保存条件(Storage)     | Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles.             |
| 储存溶液(Buffer)      | 50mM Tris-Glycine(pH 7.4), 0.15M NaCl, 40% Glycerol, 0.01% Sodium azide and 0.05% protective protein |
| 纯化 (Purification) | Affinity Purification                                                                                |

### 产品应用(Application)

|                       |                                                |
|-----------------------|------------------------------------------------|
| 稀释比(Dilution Ratio)   | WB 1:500-1:1000,ICC/IF 1:50-1:200,IP 1:20-1:50 |
| 分子量(Molecular Weight) | Calculated MW: 51 kDa; Observed MW: 51 kDa     |

### 抗原信息(Antigen Information)

|                       |                                                                                               |
|-----------------------|-----------------------------------------------------------------------------------------------|
| 基因名(Gene Name)        | TUBG1                                                                                         |
| 别名(Alternative Names) | TUBG1; TUBG; Tubulin gamma-1 chain; Gamma-1-tubulin; Gamma-tubulin complex component 1; GCP-1 |
| 基因 ID(Gene ID)        | 7283                                                                                          |
| SwissProt ID          | P23258                                                                                        |
| 免疫原(Immunogen)        | A synthetic peptide of human gamma Tubulin                                                    |

### 研究背景 (Background)

TUBG1 Tubulin is the major constituent of microtubules. Gamma tubulin is found at microtubule organizing centers (MTOC) such as the spindle poles or the centrosome. Pericentriolar matrix component that regulates alpha/beta tubulin minus-end

nucleation, centrosome duplication and spindle formation. Interacts with GCP2 and GCP3. Interacts with B9D2. Interacts with CDK5RAP2;

## 研究领域 (Research Area)

Signal Transduction

## 注意事项 (Note)

For research use only.

## 图片 (Image Data)

Immunocytochemistry analysis of gamma Tubulin (green) in HEPG2 using gamma Tubulin antibody, and DAPI (blue).

Western blot analysis of gamma Tubulin in Raw264.7 lysates using gamma Tubulin antibody.

Western blot analysis of gamma Tubulin in HeLa, CHO-K1, C6, Ramos lysates using gamma Tubulin antibody

## EnkiLife 优势产品推荐
