

**产品名称: SPI1 Rabbit Monoclonal Antibody**

**产品货号: AMRe03170**

### 产品概述 (Summary)

|                   |                                                                                                      |
|-------------------|------------------------------------------------------------------------------------------------------|
| 描述(Description)   | Recombinant rabbit monoclonal antibody                                                               |
| 宿主(Host)          | Rabbit                                                                                               |
| 应用(Application)   | WB,IHC,ICC/IF,IP                                                                                     |
| 种属反应(Reactivity)  | Human,Mouse,Hamster,Rat                                                                              |
| 偶联物(Conjugation)  | Unconjugated                                                                                         |
| 修饰(Modification)  | Unmodified                                                                                           |
| 同种型(Isotype)      | IgG                                                                                                  |
| 克隆(Clonality)     | Monoclonal                                                                                           |
| 剂型(Form)          | Liquid                                                                                               |
| 保存条件(Storage)     | Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles.             |
| 储存溶液(Buffer)      | 50mM Tris-Glycine(pH 7.4), 0.15M NaCl, 40% Glycerol, 0.01% Sodium azide and 0.05% protective protein |
| 纯化 (Purification) | Affinity Purification                                                                                |

### 产品应用(Application)

|                       |                                                               |
|-----------------------|---------------------------------------------------------------|
| 稀释比(Dilution Ratio)   | WB 1:500-1:1000,IHC 1:50-1:100,ICC/IF 1:50-1:200,IP 1:20-1:50 |
| 分子量(Molecular Weight) | Calculated MW: 31 kDa; Observed MW: 31 kDa                    |

### 抗原信息(Antigen Information)

|                       |                                                         |
|-----------------------|---------------------------------------------------------|
| 基因名(Gene Name)        | Spi1                                                    |
| 别名(Alternative Names) | Dis1; PU.1; Dis-1; Sfpi1; Spi-1; Sfpi-1; Tcfpu1; Tfpu.1 |
| 基因 ID(Gene ID)        | 20375.0                                                 |
| SwissProt ID          | P17433                                                  |
| 免疫原(Immunogen)        | A synthetic peptide of mouse PU.1/Spi1                  |

### 研究背景 (Background)

Binds to the PU-box, a purine-rich DNA sequence (5'-GAGGAA-3') that can act as a lymphoid-specific enhancer. This protein is a transcriptional activator that may be specifically involved in the differentiation or activation of macrophages or B-cells. Also binds RNA and may modulate pre-mRNA splicing.

## 研究领域 (Research Area)

Immunology

## 注意事项 (Note)

For research use only.

## 图片 (Image Data)

Immunohistochemistry analysis of paraffin-embedded mouse liver using SPI1 antibody. High-pressure and temperature Sodium Citrate pH 6.0 was used for antigen retrieval.

Western blot analysis of PU.1/Spi1 in CHO-K1, C6 lysates using PU.1/Spi1 antibody.

Immunocytochemistry analysis of PU.1/Spi1 (green) in Raw264.7 using PU.1/Spi1 antibody, and DAPI (blue).

## EnkiLife 优势产品推荐
