

**产品名称:** beta Catenin Rabbit Monoclonal Antibody

**产品货号:** AMRe03762

### 产品概述 (Summary)

|                   |                                                                                                      |
|-------------------|------------------------------------------------------------------------------------------------------|
| 描述(Description)   | Recombinant rabbit monoclonal antibody                                                               |
| 宿主(Host)          | Rabbit                                                                                               |
| 应用(Application)   | WB, ICC/IF                                                                                           |
| 种属反应(Reactivity)  | Human, Mouse, Rat                                                                                    |
| 偶联物(Conjugation)  | Unconjugated                                                                                         |
| 修饰(Modification)  | Unmodified                                                                                           |
| 同种型(Isotype)      | IgG                                                                                                  |
| 克隆(Clonality)     | Monoclonal                                                                                           |
| 剂型(Form)          | Liquid                                                                                               |
| 保存条件(Storage)     | Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles.             |
| 储存溶液(Buffer)      | 50mM Tris-Glycine(pH 7.4), 0.15M NaCl, 40% Glycerol, 0.01% Sodium azide and 0.05% protective protein |
| 纯化 (Purification) | Affinity Purification                                                                                |

### 产品应用(Application)

|                       |                                            |
|-----------------------|--------------------------------------------|
| 稀释比(Dilution Ratio)   | WB 1:500-1:1000, ICC/IF 1:50-1:200         |
| 分子量(Molecular Weight) | Calculated MW: 85 kDa; Observed MW: 85 kDa |

### 抗原信息(Antigen Information)

|                       |                                                          |
|-----------------------|----------------------------------------------------------|
| 基因名(Gene Name)        | CTNNB1                                                   |
| 别名(Alternative Names) | CTNNB1; CTNNB; OK/SW-cl.35; Catenin beta-1; Beta-catenin |
| 基因 ID(Gene ID)        | 1499                                                     |
| SwissProt ID          | P35222                                                   |
| 免疫原(Immunogen)        | A synthetic peptide corresponding to target protein      |

### 研究背景 (Background)

Beta-catenin is an adherens junction protein. Adherens junctions (AJs; also called the zonula adherens) are critical for the establishment and maintenance of epithelial layers, such as those lining organ surfaces. AJs mediate adhesion between cells, communicate a signal that neighboring cells are present, and anchor the actin cytoskeleton. In serving these roles, AJs regulate

normal cell growth and behavior.

## 研究领域 (Research Area)

Signal Transduction

## 注意事项 (Note)

For research use only.

## 图片 (Image Data)

Immunocytochemistry analysis of beta Catenin (green) in 293T using beta Catenin antibody, and DAPI (blue).

Western blot analysis of beta Catenin in NTERA-2, 3T3 lysates using beta Catenin antibody.

Western blot analysis of beta Catenin in C6 lysates using beta Catenin antibody
