

产品名称: beta Catenin Rabbit Monoclonal Antibody  
产品货号: AMRe03762

## 产品概述 (Summary)

|                        |                                         |
|------------------------|-----------------------------------------|
| 产品名称 (Production Name) | beta Catenin Rabbit Monoclonal Antibody |
| 描述 (Description)       | Recombinant rabbit monoclonal antibody  |
| 宿主 (Host)              | Rabbit                                  |
| 应用 (Application)       | WB, ICC/IF                              |
| 种属反应性 (Reactivity)     | Human, Mouse, Rat                       |

## 产品性能 (Performance)

|                     |                                                                                                      |
|---------------------|------------------------------------------------------------------------------------------------------|
| 偶联物 (Conjugation)   | Unconjugated                                                                                         |
| 修饰 (Modification)   | Unmodified                                                                                           |
| 同种型 (Isotype)       | IgG                                                                                                  |
| 克隆 (Clonality)      | Monoclonal                                                                                           |
| 形式 (Form)           | Liquid                                                                                               |
| 存放说明 (Storage)      | Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles.             |
| 储存溶液 (Buffer)       | 50mM Tris-Glycine(pH 7.4), 0.15M NaCl, 40% Glycerol, 0.01% Sodium azide and 0.05% protective protein |
| 纯化方式 (Purification) | Affinity Purification                                                                                |

## 免疫原信息 (Immunogen)

|                        |                                                          |
|------------------------|----------------------------------------------------------|
| 基因名 (Gene Name)        | CTNNB1                                                   |
| 别名 (Alternative Names) | CTNNB1; CTNNB; OK/SW-cl.35; Catenin beta-1; Beta-catenin |
| 基因 ID (Gene ID)        | 1499                                                     |
| 蛋白 ID (SwissProt ID)   | P35222.                                                  |

## 产品应用 (Application)

|                          |                                            |
|--------------------------|--------------------------------------------|
| 稀释比 (Dilution Ratio)     | WB 1:500-1:1000, ICC/IF 1:50-1:200         |
| 蛋白分子量 (Molecular Weight) | Calculated MW: 85 kDa; Observed MW: 85 kDa |

## 研究背景 (Background)

Beta-catenin is an adherens junction protein. Adherens junctions (AJs; also called the zonula adherens) are critical for the

产品名称: beta Catenin Rabbit Monoclonal Antibody  
产品货号: AMRe03762

establishment and maintenance of epithelial layers, such as those lining organ surfaces. AJs mediate adhesion between cells, communicate a signal that neighboring cells are present, and anchor the actin cytoskeleton. In serving these roles, AJs regulate normal cell growth and behavior.

## 研究领域 (Research Area)

Signal Transduction

## 图片 (Image Data)

Immunocytochemistry analysis of beta Catenin (green) in 293T using beta Catenin antibody, and DAPI (blue).

Western blot analysis of beta Catenin in NTERA-2, 3T3 lysates using beta Catenin antibody.

Western blot analysis of beta Catenin in C6 lysates using beta Catenin antibody

**产品名称:** beta Catenin Rabbit Monoclonal Antibody  
**产品货号:** AMRe03762
