

**产品名称:** 14-3-3 epsilon Rabbit Monoclonal Antibody

**产品货号:** AMRe03986

### 产品概述 (Summary)

|                   |                                                                                                                |
|-------------------|----------------------------------------------------------------------------------------------------------------|
| 描述(Description)   | Recombinant rabbit monoclonal antibody                                                                         |
| 宿主(Host)          | Rabbit                                                                                                         |
| 应用(Application)   | WB,ICC/IF,FC                                                                                                   |
| 种属反应(Reactivity)  | Human, Mouse, Rat                                                                                              |
| 偶联物(Conjugation)  | Unconjugated                                                                                                   |
| 修饰(Modification)  | Unmodified                                                                                                     |
| 同种型(Isotype)      | IgG                                                                                                            |
| 克隆(Clonality)     | Monoclonal                                                                                                     |
| 剂型(Form)          | Liquid                                                                                                         |
| 保存条件(Storage)     | Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles.                       |
| 储存溶液(Buffer)      | Liquid in 50mM Tris-Glycine(pH 7.4), 0.15M NaCl, 40%Glycerol, 0.01% sodium azide and 0.05% protective protein. |
| 纯化 (Purification) | Affinity Purification                                                                                          |

### 产品应用(Application)

|                       |                                                 |
|-----------------------|-------------------------------------------------|
| 稀释比(Dilution Ratio)   | WB 1:500-1:1000,ICC/IF 1:50-1:200,FC 1:50-1:100 |
| 分子量(Molecular Weight) | Calculated MW:29 kDa;Observed MW: 29 kDa        |

### 抗原信息(Antigen Information)

|                       |                                                                                          |
|-----------------------|------------------------------------------------------------------------------------------|
| 基因名(Gene Name)        | YWHAE                                                                                    |
| 别名(Alternative Names) | 14-3-3 epsilon; 14-3-3E; 143E; KCIP-1; MDCR; Protein kinase C inhibitor protein-1; YWHAE |
| 基因 ID(Gene ID)        | 7531                                                                                     |
| SwissProt ID          | P62258                                                                                   |
| 免疫原(Immunogen)        | A synthetic peptide of human YWHAE                                                       |

### 研究背景 (Background)

Adapter protein implicated in the regulation of a large spectrum of both general and specialized signaling pathway. Binds to a large number of partners, usually by recognition of a phosphoserine or phosphothreonine motif. Binding generally results in the modulation of the activity of the binding partner.

## 研究领域 (Research Area)

Neuroscience

## 注意事项 (Note)

For research use only.

## 图片 (Image Data)

Western blot analysis of 14-3-3 epsilon in 293T, SW480 lysates using 14-3-3 epsilon antibody.

## EnkiLife 优势产品推荐
