

**产品名称:** ATP citrate lyase (8L17) Rabbit Monoclonal Antibody

**产品货号:** AMRe07317

### 产品概述 (Summary)

|                   |                                                                                                                             |
|-------------------|-----------------------------------------------------------------------------------------------------------------------------|
| 描述(Description)   | Recombinant rabbit monoclonal antibody                                                                                      |
| 宿主(Host)          | Rabbit                                                                                                                      |
| 应用(Application)   | WB,IHC,ICC/IF,FC,IP                                                                                                         |
| 种属反应(Reactivity)  | Human,Mouse,Rat                                                                                                             |
| 偶联物(Conjugation)  | Unconjugated                                                                                                                |
| 修饰(Modification)  | Unmodified                                                                                                                  |
| 同种型(Isotype)      | IgG                                                                                                                         |
| 克隆(Clonality)     | Monoclonal                                                                                                                  |
| 剂型(Form)          | Liquid                                                                                                                      |
| 保存条件(Storage)     | Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles.                                    |
| 储存溶液(Buffer)      | Supplied in 50mM Tris-Glycine(pH 7.4), 0.15M NaCl, 40%Glycerol, 0.01% New type preservative N and 0.05% protective protein. |
| 纯化 (Purification) | Affinity purification                                                                                                       |

### 产品应用(Application)

|                       |                                                                             |
|-----------------------|-----------------------------------------------------------------------------|
| 稀释比(Dilution Ratio)   | WB 1:2000-1:10000,IHC 1:50-1:100,ICC/IF 1:20-1:50,FC 1:20-1:50,IP 1:20-1:50 |
| 分子量(Molecular Weight) | 121kDa                                                                      |

### 抗原信息(Antigen Information)

|                       |                                                |
|-----------------------|------------------------------------------------|
| 基因名(Gene Name)        | ACLY                                           |
| 别名(Alternative Names) | ACL; ATPCL; CLATP; ATP citrate lyase;          |
| 基因 ID(Gene ID)        | 47.0                                           |
| SwissProt ID          | P53396                                         |
| 免疫原(Immunogen)        | A synthetic peptide of human ATP citrate lyase |

### 研究背景 (Background)

ATP citrate lyase is the primary enzyme responsible for the synthesis of cytosolic acetyl-CoA in many tissues. The enzyme is a tetramer (relative molecular weight approximately 440,000) of apparently identical subunits. It catalyzes the formation of acetyl-CoA and oxaloacetate from citrate and CoA with a concomitant hydrolysis of ATP to ADP and phosphate. The product,

acetyl-CoA, serves several important biosynthetic pathways, including lipogenesis and cholesterologenesis. Catalyzes the cleavage of citrate into oxaloacetate and acetyl-CoA, the latter serving as common substrate for de novo cholesterol and fatty acid synthesis.

### 研究领域 (Research Area)

Signal Transduction

### 注意事项 (Note)

For research use only.

### 图片 (Image Data)

Western blot detection of ATP citrate lyase in K562,C6,3T3,HeLa cell lysates using ATP citrate lyase antibody(1:1000 diluted).
