

**产品名称:** Fas (6T3) Rabbit Monoclonal Antibody

**产品货号:** AMRe10832

### 产品概述 (Summary)

|                   |                                                                                                                             |
|-------------------|-----------------------------------------------------------------------------------------------------------------------------|
| 描述(Description)   | Recombinant rabbit monoclonal antibody                                                                                      |
| 宿主(Host)          | Rabbit                                                                                                                      |
| 应用(Application)   | WB,IHC,ICC/IF                                                                                                               |
| 种属反应(Reactivity)  | Human                                                                                                                       |
| 偶联物(Conjugation)  | Unconjugated                                                                                                                |
| 修饰(Modification)  | Unmodified                                                                                                                  |
| 同种型(Isotype)      | IgG                                                                                                                         |
| 克隆(Clonality)     | Monoclonal                                                                                                                  |
| 剂型(Form)          | Liquid                                                                                                                      |
| 保存条件(Storage)     | Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles.                                    |
| 储存溶液(Buffer)      | Supplied in 50mM Tris-Glycine(pH 7.4), 0.15M NaCl, 40%Glycerol, 0.01% New type preservative N and 0.05% protective protein. |
| 纯化 (Purification) | Affinity purification                                                                                                       |

### 产品应用(Application)

|                       |                                                     |
|-----------------------|-----------------------------------------------------|
| 稀释比(Dilution Ratio)   | WB 1:1000-1:5000,IHC 1:200-1:500,ICC/IF 1:200-1:500 |
| 分子量(Molecular Weight) | 38kDa                                               |

### 抗原信息(Antigen Information)

|                       |                                                       |
|-----------------------|-------------------------------------------------------|
| 基因名(Gene Name)        | FAS                                                   |
| 别名(Alternative Names) | FAS; ALPS1A; APO-1; APT1; CD95; FAS1; FASTM; TNFRSF6; |
| 基因 ID(Gene ID)        | 355.0                                                 |
| SwissProt ID          | P25445                                                |
| 免疫原(Immunogen)        | A synthetic peptide of human Fas                      |

### 研究背景 (Background)

Receptor for TNFSF6/FASLG. The adapter molecule FADD recruits caspase-8 to the activated receptor. The resulting death-inducing signaling complex (DISC) performs caspase-8 proteolytic activation which initiates the subsequent cascade of caspases (aspartate-specific cysteine proteases) mediating apoptosis. Receptor for TNFSF6/FASLG. The adapter molecule

FADD recruits caspase-8 to the activated receptor. The resulting death-inducing signaling complex (DISC) performs caspase-8 proteolytic activation which initiates the subsequent cascade of caspases (aspartate-specific cysteine proteases) mediating apoptosis. FAS-mediated apoptosis may have a role in the induction of peripheral tolerance, in the antigen- stimulated suicide of mature T-cells, or both. The secreted isoforms 2 to 6 block apoptosis (in vitro).

### 研究领域 (Research Area)

Cell Biology

### 注意事项 (Note)

For research use only.

### 图片 (Image Data)

Western blot detection of Fas in HeLa, Jurkat cell lysates using Fas antibody (1:500 diluted).
