

产品名称: Hsp47 (18D10) Rabbit Monoclonal Antibody  
产品货号: AMRe12246

## 产品概述 (Summary)

|                        |                                          |
|------------------------|------------------------------------------|
| 产品名称 (Production Name) | Hsp47 (18D10) Rabbit Monoclonal Antibody |
| 描述 (Description)       | Recombinant rabbit monoclonal antibody   |
| 宿主 (Host)              | Rabbit                                   |
| 应用 (Application)       | WB,IHC                                   |
| 种属反应性 (Reactivity)     | Human,Mouse,Rat                          |

## 产品性能 (Performance)

|                     |                                                                                                                                                                                              |
|---------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 偶联物 (Conjugation)   | Unconjugated                                                                                                                                                                                 |
| 修饰 (Modification)   | Unmodified                                                                                                                                                                                   |
| 同种型 (Isotype)       | IgG                                                                                                                                                                                          |
| 克隆 (Clonality)      | Monoclonal                                                                                                                                                                                   |
| 形式 (Form)           | Liquid                                                                                                                                                                                       |
| 存放说明 (Storage)      | Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles.                                                                                                     |
| 储存溶液 (Buffer)       | Rabbit IgG in phosphate buffered saline , pH 7.4, 150mM NaCl, 0.02% New type preservative N and 50% glycerol. Store at +4°C short term. Store at -20°C long term. Avoid freeze / thaw cycle. |
| 纯化方式 (Purification) | Affinity purification                                                                                                                                                                        |

## 免疫原信息 (Immunogen)

|                        |                                                                      |
|------------------------|----------------------------------------------------------------------|
| 基因名 (Gene Name)        | SERPINH1                                                             |
| 别名 (Alternative Names) | CBP1; CBP2; OI10; gp46; AsTP3; HSP47; PIG14; PPRM; RA-A47; SERPINH2; |
| 基因 ID (Gene ID)        | 871.0                                                                |
| 蛋白 ID (SwissProt ID)   | P50454.                                                              |

## 产品应用 (Application)

|                          |                                  |
|--------------------------|----------------------------------|
| 稀释比 (Dilution Ratio)     | WB 1:1000-1:5000,IHC 1:100-1:200 |
| 蛋白分子量 (Molecular Weight) | 46kDa                            |

## 研究背景 (Background)

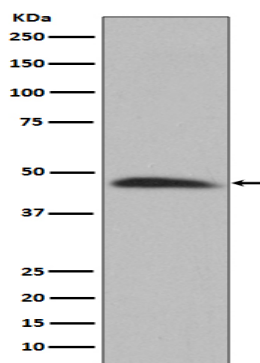

**产品名称: Hsp47 (18D10) Rabbit Monoclonal Antibody**  
**产品货号: AMRe12246**

This gene encodes a member of the serpin superfamily of serine proteinase inhibitors. The encoded protein is localized to the endoplasmic reticulum and plays a role in collagen biosynthesis as a collagen-specific molecular chaperone. Autoantibodies to the encoded protein have been found in patients with rheumatoid arthritis. Binds specifically to collagen. Could be involved as a chaperone in the biosynthetic pathway of collagen.

## 研究领域 (Research Area)

## 图片 (Image Data)

Western blot analysis of Hsp47 expression in HeLa cell lysate.

## 注意事项 (Note)

For research use only .
