

**产品名称:** PHAPI2 / APRIL (8K19) Rabbit Monoclonal Antibody

**产品货号:** AMRe16054

### 产品概述 (Summary)

|                   |                                                                                                                             |
|-------------------|-----------------------------------------------------------------------------------------------------------------------------|
| 描述(Description)   | Recombinant rabbit monoclonal antibody                                                                                      |
| 宿主(Host)          | Rabbit                                                                                                                      |
| 应用(Application)   | WB,IHC,ICC/IF,FC                                                                                                            |
| 种属反应(Reactivity)  | Human,Mouse,Rat                                                                                                             |
| 偶联物(Conjugation)  | Unconjugated                                                                                                                |
| 修饰(Modification)  | Unmodified                                                                                                                  |
| 同种型(Isotype)      | IgG                                                                                                                         |
| 克隆(Clonality)     | Monoclonal                                                                                                                  |
| 剂型(Form)          | Liquid                                                                                                                      |
| 保存条件(Storage)     | Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles.                                    |
| 储存溶液(Buffer)      | Supplied in 50mM Tris-Glycine(pH 7.4), 0.15M NaCl, 40%Glycerol, 0.01% New type preservative N and 0.05% protective protein. |
| 纯化 (Purification) | Affinity purification                                                                                                       |

### 产品应用(Application)

|                       |                                                                 |
|-----------------------|-----------------------------------------------------------------|
| 稀释比(Dilution Ratio)   | WB 1:1000-1:5000,IHC 1:50-1:100,ICC/IF 1:100-1:200,FC 1:20-1:50 |
| 分子量(Molecular Weight) | 29kDa                                                           |

### 抗原信息(Antigen Information)

|                       |                                        |
|-----------------------|----------------------------------------|
| 基因名(Gene Name)        | ANP32B                                 |
| 别名(Alternative Names) | ANP32B; PAL31; PHAPI2; PHAPI2a; Ssp29; |
| 基因 ID(Gene ID)        | 10541.0                                |
| SwissProt ID          | Q92688                                 |
| 免疫原(Immunogen)        | A synthetic peptide of human PHAPI2    |

### 研究背景 (Background)

Multifunctional protein working as a cell cycle progression factor as well as a cell survival factor. Required for the progression from the G1 to the S phase. Multifunctional protein that is involved in the regulation of many processes including cell proliferation, apoptosis, cell cycle progression or transcription (PubMed:20015864, PubMed:18039846). Regulates the

proliferation of neuronal stem cells, differentiation of leukemic cells and progression from G1 to S phase of the cell cycle. As negative regulator of caspase-3-dependent apoptosis, may act as an antagonist of ANP32A in regulating tissue homeostasis (PubMed:20015864). Exhibits histone chaperone properties, able to recruit histones to certain promoters, thus regulating the transcription of specific genes (PubMed:20538007, PubMed:18039846). Plays also an essential role in the nucleocytoplasmic transport of specific mRNAs via the uncommon nuclear mRNA export receptor XPO1/CRM1 (PubMed:17178712). Participates in the regulation of adequate adaptive immune responses by acting on mRNA expression and cell proliferation (By similarity).

### 研究领域 (Research Area)

Cell Biology

### 注意事项 (Note)

For research use only.

### 图片 (Image Data)

Western blot detection of PHAPI2 in K562,C6 cell lysates using PHAPI2 antibody(1:1000 diluted).

## EnkiLife 优势产品推荐
