

**产品名称:** Mast Cell Tryptase Rabbit Monoclonal Antibody

**产品货号:** AMRe20369

### 产品概述 (Summary)

|                   |                                                                                                         |
|-------------------|---------------------------------------------------------------------------------------------------------|
| 描述(Description)   | Recombinant rabbit monoclonal antibody                                                                  |
| 宿主(Host)          | Rabbit                                                                                                  |
| 应用(Application)   | WB,IHC,IP                                                                                               |
| 种属反应(Reactivity)  | Human,Mouse,Rat                                                                                         |
| 偶联物(Conjugation)  | Unconjugated                                                                                            |
| 修饰(Modification)  | Unmodified                                                                                              |
| 同种型(Isotype)      | IgG                                                                                                     |
| 克隆(Clonality)     | Monoclonal                                                                                              |
| 剂型(Form)          | Liquid                                                                                                  |
| 保存条件(Storage)     | Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles.                |
| 储存溶液(Buffer)      | 10mM PBS, pH 7.4, 150mM sodium chloride, 0.05% protective protein, 0.02% sodium azide and 50% glycerol. |
| 纯化 (Purification) | Affinity purification                                                                                   |

### 产品应用(Application)

|                       |                                              |
|-----------------------|----------------------------------------------|
| 稀释比(Dilution Ratio)   | WB 1:500-1:1000,IHC 1:50-1:100,IP 1:50-1:100 |
| 分子量(Molecular Weight) | Calculated MW: 31 kDa; Observed MW: 31 kDa   |

### 抗原信息(Antigen Information)

|                       |                                                                          |
|-----------------------|--------------------------------------------------------------------------|
| 基因名(Gene Name)        | TPSAB1                                                                   |
| 别名(Alternative Names) | TPS1; TPS2; TPSAB1; TPSB1; MCP 7; Mast cell protease 7; Tryptase alpha 1 |
| 基因 ID(Gene ID)        | 7177.0                                                                   |
| SwissProt ID          | Q15661                                                                   |
| 免疫原(Immunogen)        | A synthetic peptide of human Mast Cell Tryptase                          |

### 研究背景 (Background)

Tryptases comprise a family of trypsin-like serine proteases, the peptidase family S1. Tryptases are enzymatically active only as heparin-stabilized tetramers, and they are resistant to all known endogenous proteinase inhibitors. Several tryptase genes are clustered on chromosome 16p13.3. These genes are characterized by several distinct features.

## 研究领域 (Research Area)

Immunology

## 注意事项 (Note)

For research use only.

## 图片 (Image Data)

Western blot analysis of Mast Tryptase in Human tonsil lysates using Mast Tryptase antibody.

Immunohistochemistry analysis of paraffin-embedded Human kidney using Mast Tryptase antibody. High-pressure and temperature Sodium Citrate pH 6.0 was used for antigen retrieval.
