

产品名称: NABC1 Rabbit Monoclonal Antibody  
产品货号: AMRe21198

## 产品概述 (Summary)

|                        |                                        |
|------------------------|----------------------------------------|
| 产品名称 (Production Name) | NABC1 Rabbit Monoclonal Antibody       |
| 描述 (Description)       | Recombinant rabbit monoclonal antibody |
| 宿主 (Host)              | Rabbit                                 |
| 应用 (Application)       | WB                                     |
| 种属反应性 (Reactivity)     | Human                                  |

## 产品性能 (Performance)

|                     |                                                                                          |
|---------------------|------------------------------------------------------------------------------------------|
| 偶联物 (Conjugation)   | Unconjugated                                                                             |
| 修饰 (Modification)   | Unmodified                                                                               |
| 同种型 (Isotype)       | IgG,Kappa                                                                                |
| 克隆 (Clonality)      | Monoclonal                                                                               |
| 形式 (Form)           | Liquid                                                                                   |
| 存放说明 (Storage)      | Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles. |
| 储存溶液 (Buffer)       | PBS, 50% glycerol, 0.05% Proclin 300, 0.05% protective protein                           |
| 纯化方式 (Purification) | Protein A                                                                                |

## 免疫原信息 (Immunogen)

|                        |                                                                                                                                           |
|------------------------|-------------------------------------------------------------------------------------------------------------------------------------------|
| 基因名 (Gene Name)        | BCAS1;AIBC1;NABC1                                                                                                                         |
| 别名 (Alternative Names) | BCAS1;AIBC1;NABC1;Breast carcinoma-amplified sequence 1 ;Amplified and overexpressed in breast cancer;Novel amplified in breast cancer 1; |
| 基因 ID (Gene ID)        | 8537.0                                                                                                                                    |
| 蛋白 ID (SwissProt ID)   | O75363.                                                                                                                                   |

## 产品应用 (Application)

|                          |                                 |
|--------------------------|---------------------------------|
| 稀释比 (Dilution Ratio)     | WB 1:1000-1:5000                |
| 蛋白分子量 (Molecular Weight) | Calculated MW;;Observed MW:64kD |

## 研究背景 (Background)

Cell localization:Cytoplasm..This gene resides in a region at 20q13 which is amplified in a variety of tumor types and

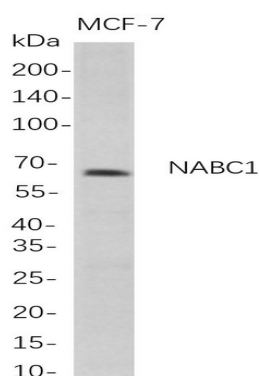

**产品名称: NABC1 Rabbit Monoclonal Antibody**  
**产品货号: AMRe21198**

associated with more aggressive tumor phenotypes. Among the genes identified from this region, it was found to be highly expressed in three amplified breast cancer cell lines and in one breast tumor without amplification at 20q13.2. However, this gene is not in the common region of maximal amplification and its expression was not detected in the breast cancer cell line MCF7, in which this region is highly amplified. Although not consistently expressed, this gene is a candidate oncogene. [provided by RefSeq, Apr 2016]

## 研究领域 (Research Area)

## 图片 (Image Data)

Western Blot analysis of MCF-7 whole cell lysates were separated by 4-20% SDS-PAGE, and the membrane was blotted with anti-NABC1 rabbit mAb. The HRP-conjugated Goat anti-Rabbit IgG(H + L) antibody was used to detect the antibody.

## 注意事项 (Note)

For research use only .
