

产品名称: Interferon beta Rabbit Monoclonal Antibody  
产品货号: AMRe83905

## 产品概述 (Summary)

|                        |                                            |
|------------------------|--------------------------------------------|
| 产品名称 (Production Name) | Interferon beta Rabbit Monoclonal Antibody |
| 描述 (Description)       | Recombinant rabbit monoclonal antibody     |
| 宿主 (Host)              | Rabbit                                     |
| 应用 (Application)       | WB,IP                                      |
| 种属反应性 (Reactivity)     | Human                                      |

## 产品性能 (Performance)

|                     |                                                                                              |
|---------------------|----------------------------------------------------------------------------------------------|
| 偶联物 (Conjugation)   | Unconjugated                                                                                 |
| 修饰 (Modification)   | Unmodified                                                                                   |
| 同种型 (Isotype)       | IgG                                                                                          |
| 克隆 (Clonality)      | Monoclonal                                                                                   |
| 形式 (Form)           | Liquid                                                                                       |
| 存放说明 (Storage)      | Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles.     |
| 储存溶液 (Buffer)       | Purified antibody in PBS with 0.05% sodium azide, 0.05% protective protein and 50% glycerol. |
| 纯化方式 (Purification) | Affinity Purification                                                                        |

## 免疫原信息 (Immunogen)

|                        |                                                                                                                          |
|------------------------|--------------------------------------------------------------------------------------------------------------------------|
| 基因名 (Gene Name)        | Interferon beta                                                                                                          |
| 别名 (Alternative Names) | Interferon beta; Interferon $\beta$ ; IFN-beta; IFN- $\beta$ ; IFN $\beta$ ; Fibroblast interferon; IFB; IFNB;; IFN beta |
| 基因 ID (Gene ID)        |                                                                                                                          |
| 蛋白 ID (SwissProt ID)   | P01574.A synthesized peptide derived from human IFN beta                                                                 |

## 产品应用 (Application)

|                          |                                |
|--------------------------|--------------------------------|
| 稀释比 (Dilution Ratio)     | WB 1:1000-1:2000, IP 1:20-1:50 |
| 蛋白分子量 (Molecular Weight) | 22 kDa                         |

## 研究背景 (Background)

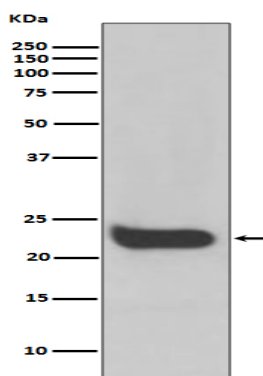

产品名称: Interferon beta Rabbit Monoclonal Antibody  
产品货号: AMRe83905

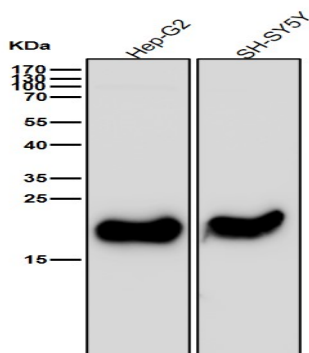

Type I interferon cytokine that plays a key role in the innate immune response to infection, developing tumors and other inflammatory stimuli

## 研究领域 (Research Area)

## 图片 (Image Data)

Western blot analysis of Interferon beta expression in HeLa cell lysate.

All lanes use the Antibody at 1:2K dilution for 1 hour at room temperature.

## 注意事项 (Note)

For research use only .
